Kevin

Jay,
I am glad I could
talk to you during chem!
I hope I can continue to
get to "reknow" you since
grade school. You're really
a great person! Have fun
on your 6 hr. drive in your
limo (3 hr. each way) and
On the Beach! I'll see you
there and maybe (if you
aren't too slow) when you're
walking down the aisle.
Good Luck always!
Love, Sue Vitale

one good thing about
next year, is knowing
that we don't have to
go through another year
with Good old Dave.
Good Luck Always

Wendy

Jay,
Being in some of
our classes for the
first time since 6th grade
has been great. Have a
fun summer with your new
job and I hope we get
together
in some classes next year.

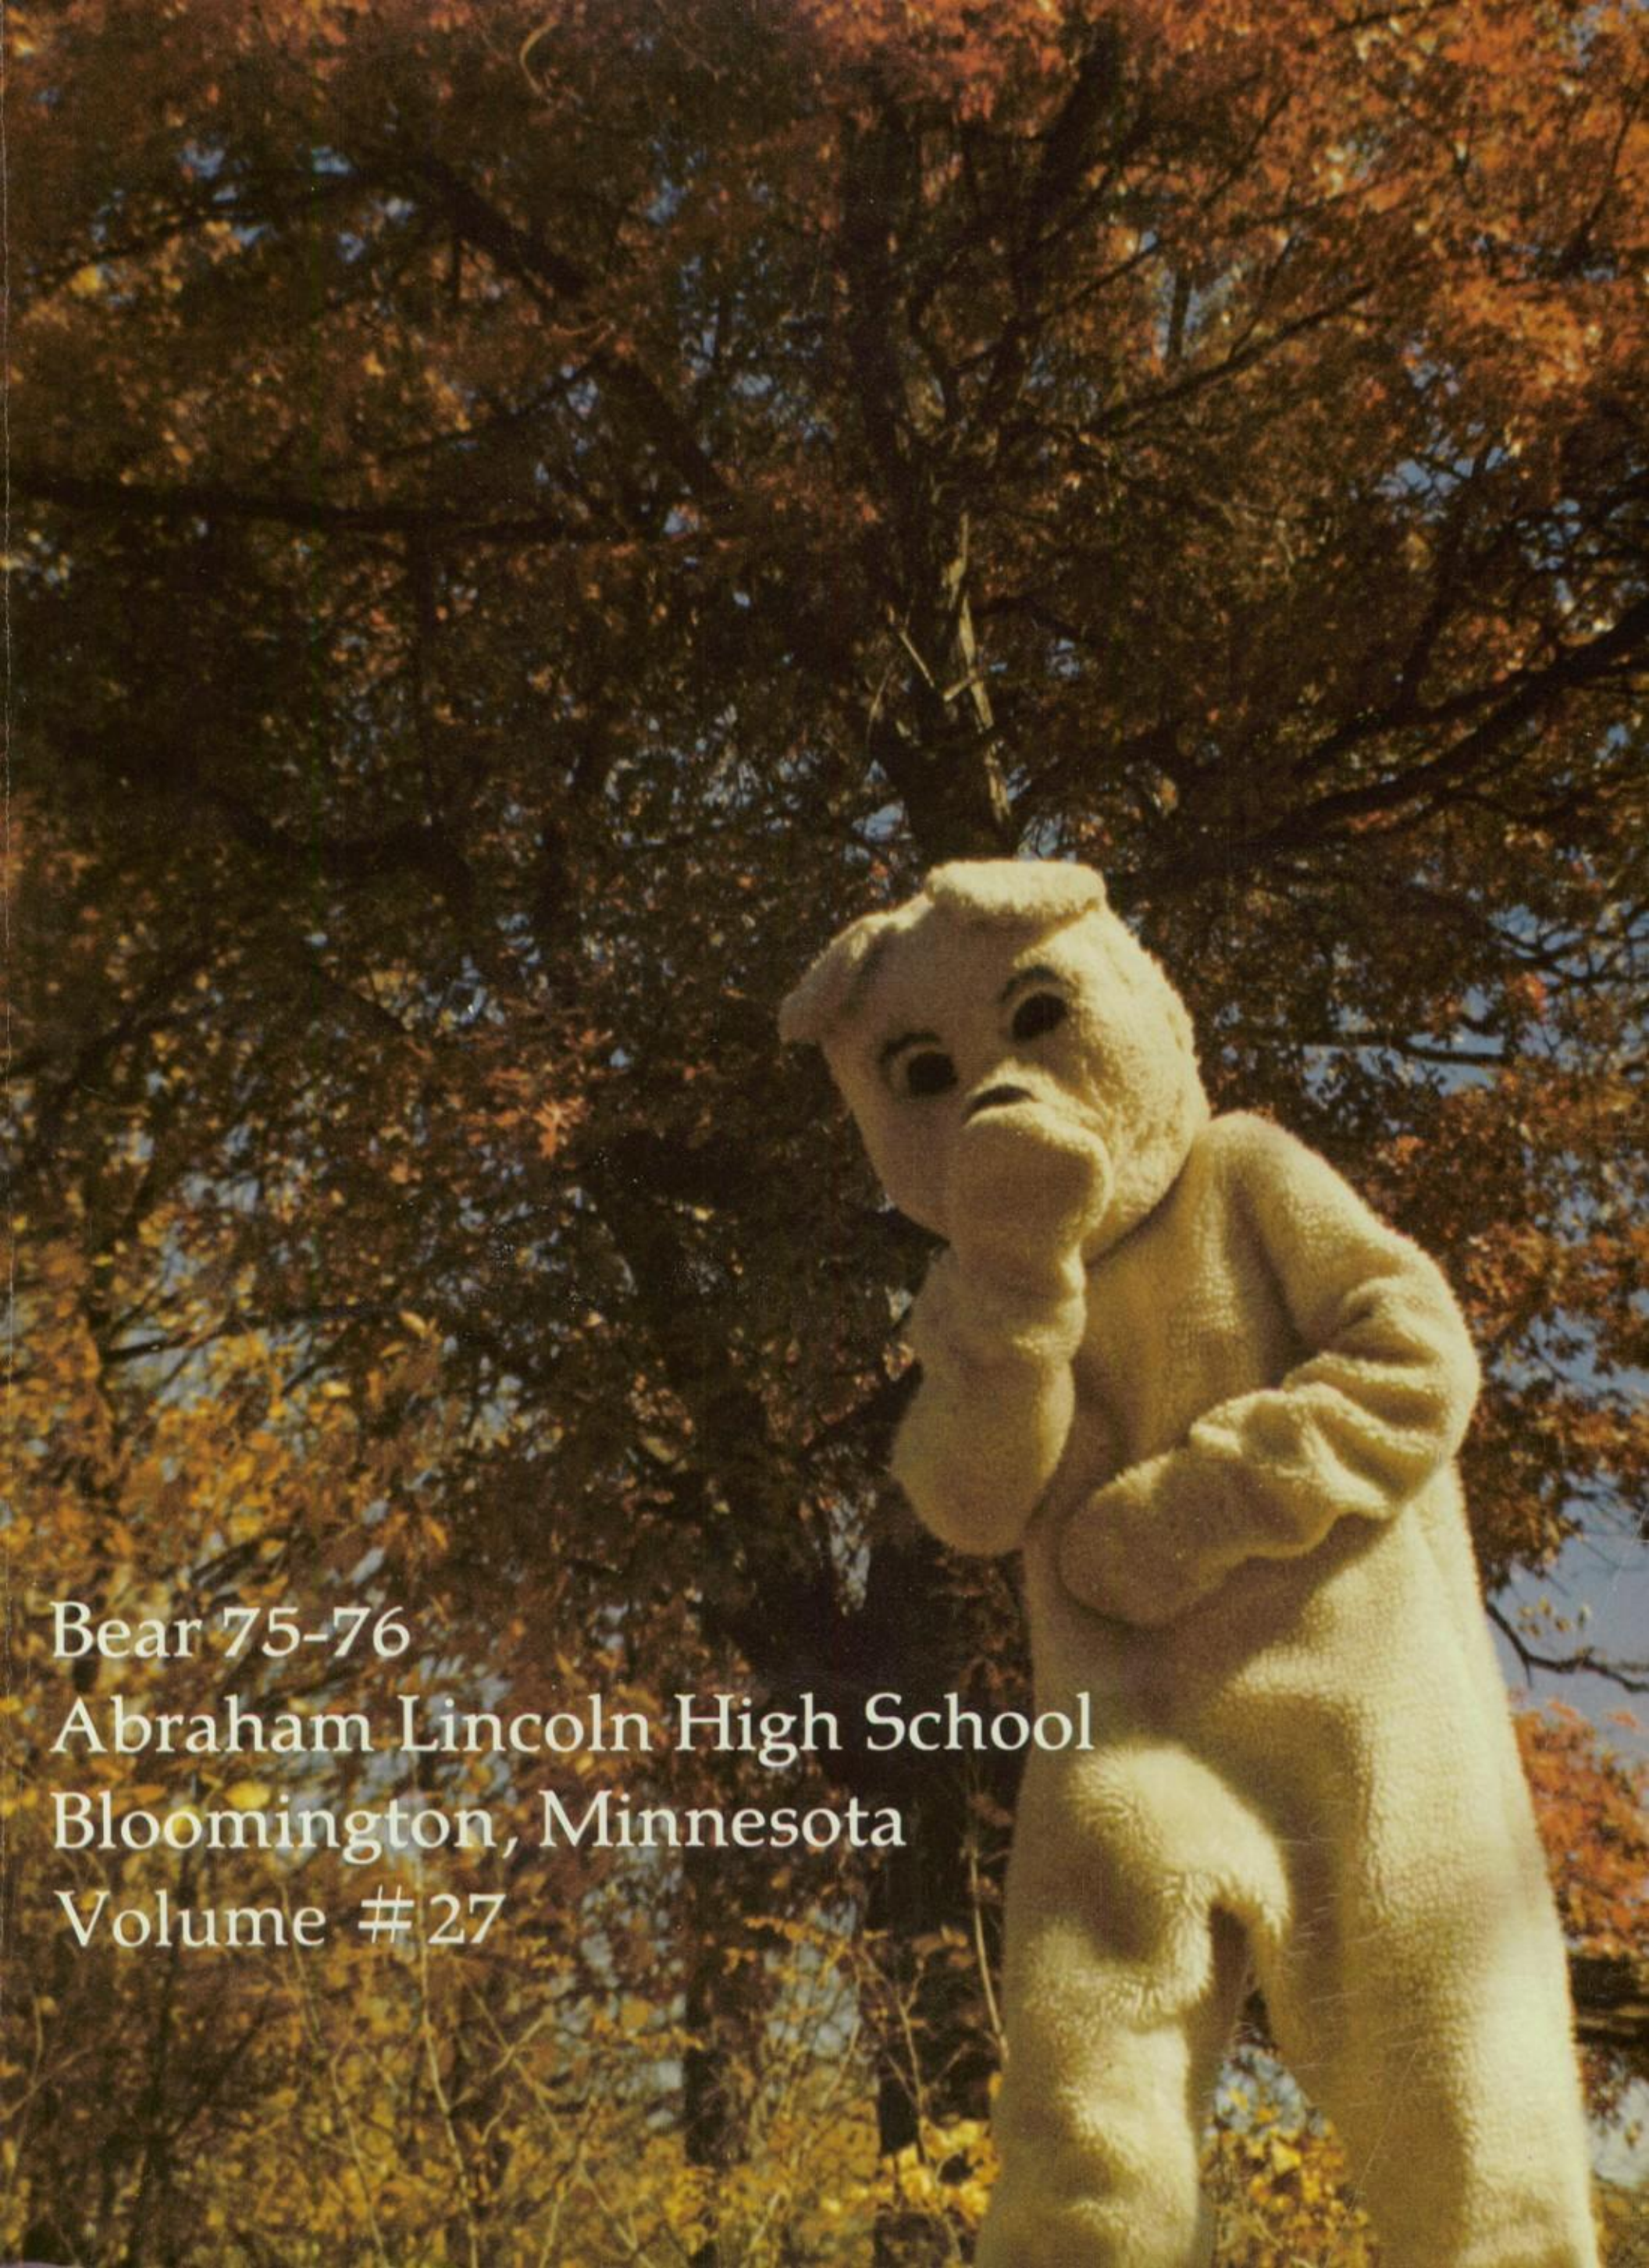

Steve (Sid)

Jay,
In spite of Dave, Anthro
was a riot. It was really
nice getting to know you
better. You are really a
sweet guy and I'm glad
we're friends. I'm looking
forward to cheering for you
guys next year not only in
Basketball, but in football too.
Thanks for all the super
memories. Love, Chris

see you this summer at QL
and whatever.

Jay,
Anthro has been pretty
sad, I'm sure you enjoyed
it as much as I did. I didn't
get to know you too good
this year but I'll probably
see you this summer. Have
a great summer and
don't work too hard next
year.

*Hey Hilbs!
I never well
recover from those
obscene of yours! Wasn't
Dude coming a panic? How is S.C.A.O.
terms along? You're awassolutely
crazy person. Thank to
your smiles I made
it through the year.
Colorado was really fun
(You guys did some daing
things). And I'll never forget
your trio at Young life!
we'll have to get together &
clown around some time this
summer!*

We must learn to balance
our minds with our bodies
though we may never reach
perfect harmony we will benefit
from what we have achieved as
well as what we lost. The future
is as distant as the sun, we may
reach for it but never touch it.
The rays fill our faces with warmth
and we accept it as it is.

The Beginning

It all began one sun shiny summer morning, when I awoke to find that it was no longer summer, for in fact it seemed that summer had indeed passed me by. Something in the air told me that morning, that school was about to begin. Maybe it was the smell of oatmeal on the stove, the sound of Dad cursing at the school lunch prices, or the feeling of vultures in my stomach. Yes, I knew it had to have been those vultures. As I was whisked out the door in the general direction of last years bus stop, I stopped to think, "where was last years bus stop?" For it seemed that the bus schedule had not yet arrived a week before school started as promised. I high-tailed it up the stairs of the bus and somewhere found an empty seat. Only later was I to realize mine was the first stop. As I sat contemplating the year to come, I thought of the comforting message my mother had given to me, "Be brave, and face that school head on." So I did, and it hurt. I entered the school door cautiously an, and as I walked in I was quickly snatched into the high speed pace of the school. Students, teachers, everyone hurrying around like they didn't know what was going on. I soon found out that the hours started to drag on just like they had in previous years. I knew that if I could make it through the rest of my World History class, I would have it made. Twenty minutes later, I was off again. That didn't last long though because I got stuck in a traffic jam. Toward the end of the day, I began to wonder why all of those registration papers said to be sure to bring my student I.D. card the first day. I brought it, as told and my bus driver didn't want to see it, no one wanted to identify me! My I.D. got stuck on the shelf in my locker, where it will lay, until I can find the Library. I was glad to hear the bell. Now just two hours of marching band practice, and I can call it a day. Till tomorrow where at the same time and place, those vultures will once again be flying.

Rock and Roll is here to stay.

It is true that guys have learned to cook.

Now what did they say that was called?

Now everybody look over here.

Halfway There

I stand in the middle. The newness that was once, is no more. I think of the years completed not as a summing up, but as a graph of a process still going on. A past filled with growing and learning stands behind me. Before me; my final year in high school. I know that we as juniors, have just begun to touch upon a life that will open the gateway to many forms of change and opportunity. That everything learned is the key, and whatever still can be used will be. I haven't set complete goals. I have reached no conclusions. With so much left to understand, I await my final years with fear and hope. Because the days pass so quickly, and time is hard to grasp. I feel that this year was my most important year.

I really hope this is what we're supposed to be doing.

The Beginning of the End

Twelve years! Ecstatic, traumatic, tremendous, tearful terrific years. The fulfillment of our hopes and dreams of youth. GRADUATION!

A new beginning for us all. New people to meet new experiences to encounter, and new memories to make.

FREEDOM!

No more strings binding us. No more regimentation from parents and teachers. We are adults by law, expected to take the responsibility for our actions good and bad.

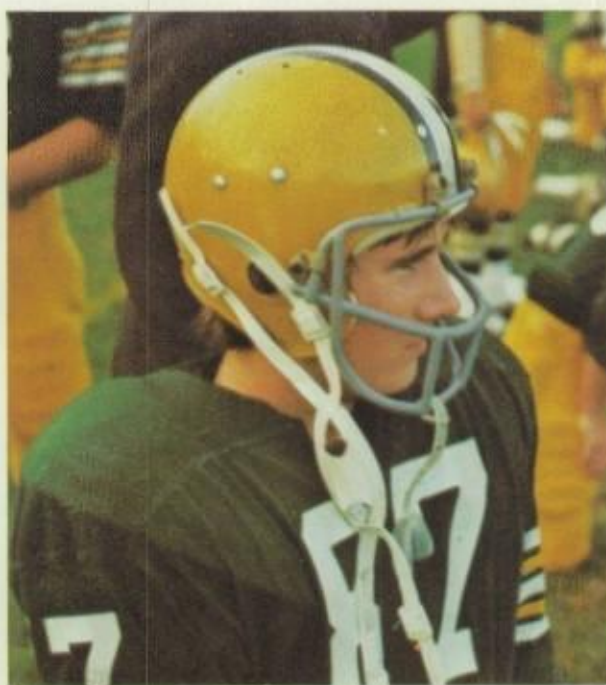

APPREHENSIONS!

After twelve years of school are we truly ready to face life objectively? How different is our school environment from the real world? Will our dealings with each other now help us to understand strangers? Will the knowledge we have acquired carry us through all the trials we will face? Are we able to cope with the frustrations and disappointments in the world? CONFIDENCE!

With unending faith in ourselves hope in our future, and understanding from those with whom we deal with we will make it!

Seventy-Six

The celebration of the birth of our Nation. For two-hundred years our country has been the United States of America. Our ancestors had the foresight and wisdom to see that we had to be "united states"; that the only way a country will ever be successful is if it is united towards one cause. The first cause, that we as a nation supported, was freedom from Britians' rule. Freedom has always, therefore, been extremely important to us as a people. Freedom today, we so preciously call individualism.

Seventy-Six

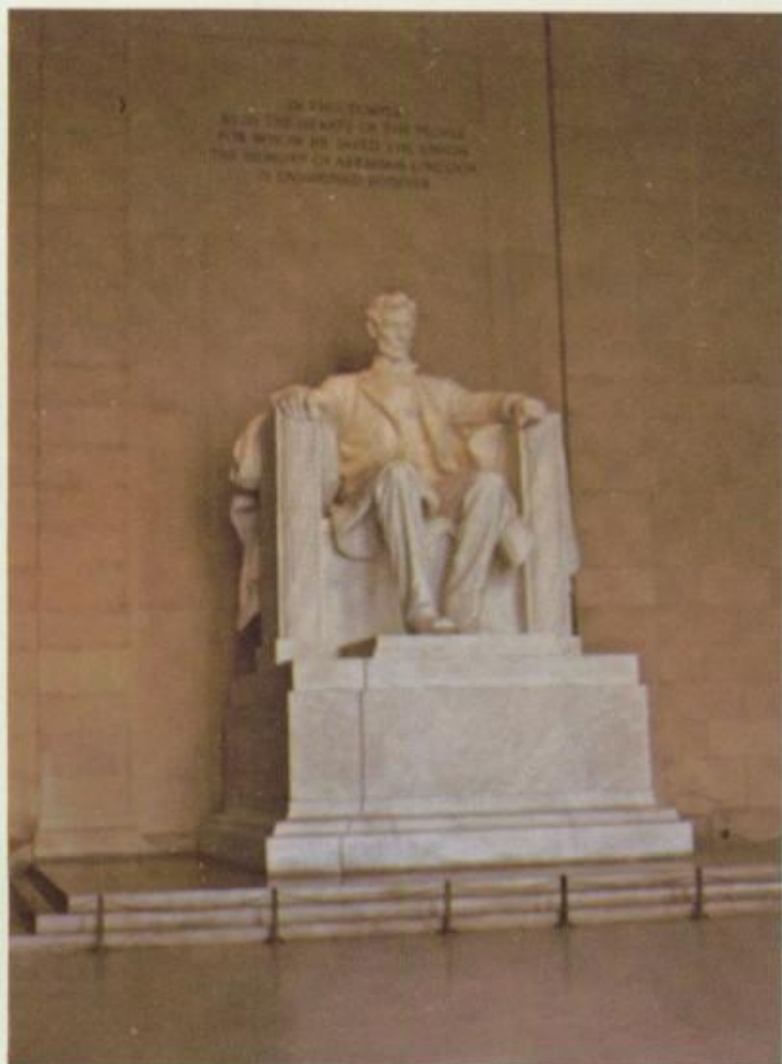

We are lucky to be living during the bicentennial celebration. It will someday be an important part of our history. I hope it helps more to unite our country.

Lori Buklid 11

When I think about the bicentennial, I am reminded that our country had survived for 200 years. Sure, we've made many mistakes; but now at least we are mature enough to realize them. A lot of people are trying to make money off of our celebration, but I won't buy junk - my celebration will be to contribute to the future of our nation. I am an American!

Al Galazen 10

As I see it, the 200th birthday of our country is exploited by businessmen. Commercialism takes over where the individual spirit of America is left off. The American is bombarded this "'76'" by buttons, trinkets, gadgets, stickers, posters and postcards. More emphasis is put on buying these products than getting the 1976 spirit across. We should be thinking more of the point of this bicentennial than of the cheap commercial overtones that these businessmen create.

STUDENT LIFE

Homecoming 1975

As fourth hour drew near, tensions ran thin. Who would be crowned King and Queen of Lincoln's Homecoming Festivities? To add to the excitement of Homecoming, coronation was placed during the school day. This enabled all of Lincoln's students to share in the coronation ceremony and the joyous moment. Last years reigning King and Queen, Dave Albers and Jill Smiler, crowned Ric Everett and Margaret Dunne Lincoln's Homecoming royalty.

"I was really surprised when I won Homecoming. I never expected it to happen. Being Homecoming King was an honor and I was happy to be chosen." Ric Everett

"I was honored to be Lincoln's Homecoming Queen of 1975. That special moment will often flash back in my mind and I wish I could relive it all over again. But it was a once in a lifetime moment and a memory I will never forget." Maggie Dunne

Pictures taken, congratulations made and butterflies gone, the royal court was taken to the Chart House for dinner and more pictures by the yearbook staff. After a grueling day Lincoln's royalty retired, happy, but exhausted.

Homecoming Events

The day's homecoming events
 began with homeroom door
 decorating.

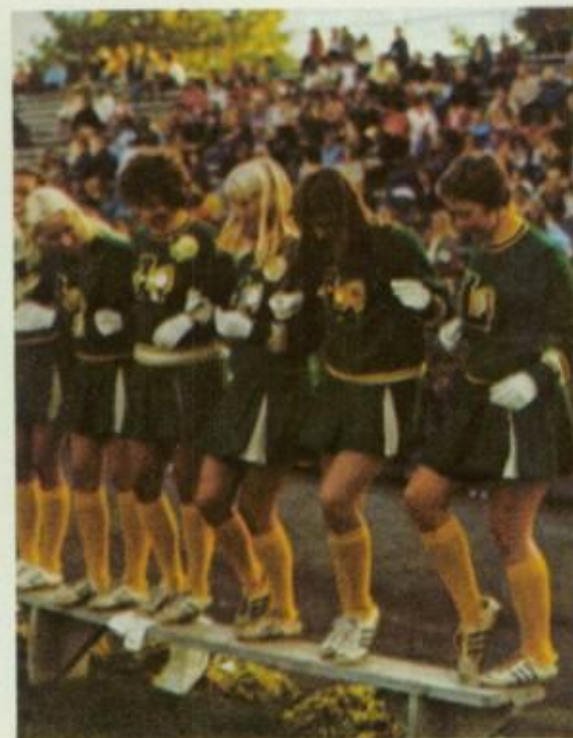

Halls were flooded with paper
 branches, and feathers, as
 homerooms attempted to illustrate
 the homecoming slogan, "Beary
 the Falcon's feathers". Judged by
 members of Lincoln's
 maintenance staff and office
 workers, the top "door prize" (a
 shake for each student) was
 awarded to Mrs. Villela's first
 hour Spanish class, poor Mr.
 Hornig!!

During the advisor period, a
 special pepfest added enthusiasm
 to the student body. The
 Bruinettes performed another
 unique, innovative routine to
 "Evil Ways." The varsity
 cheerleaders led the students in
 cheers for the coming game.
 "Rocky" Elton followed in close
 second, displaying his famous
 Viking paraphernalia for the first
 time this year. Of course, the
 Sophomore cheerleaders received
 their share of paper airplanes,
 making only partial fools of
 themselves.

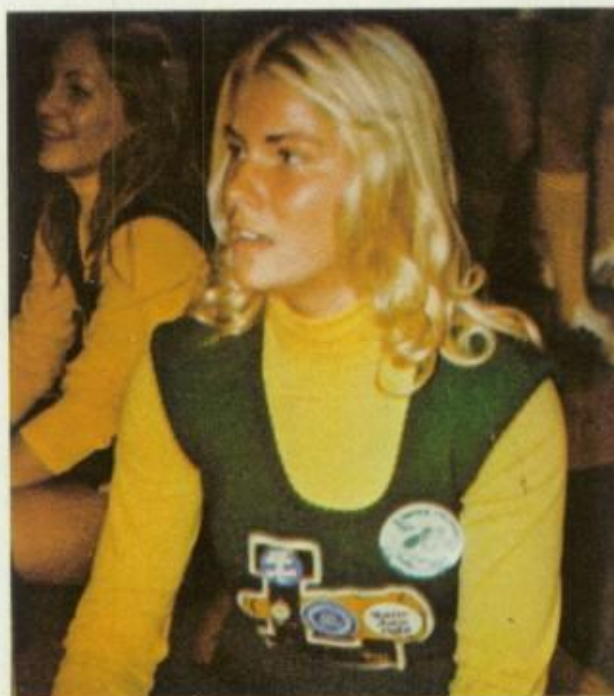

Sixth hour, the marching band
 paraded around the halls, to
 conclude our annual homecoming
 traditions.

Whispering Winds

On Friday, September 24, a hundred couples gathered together to share their excitement at the end of the Homecoming festivities. The band, "Moonglow," provided music for Lincoln's students from 9:30 to 11:30, playing a variety of music from the big band era. The couples danced around the center court, which was occupied by the king and queen. The students looked quite stylish in their attire and their enthusiasm helped to make Lincoln's Homecoming a success.

The Girls Caught Their Guys

The mood for this year's Sadie Hawkins was set by the play "Li'l Abner," which was performed just a week before by Lincoln's own drama club. Students were dressed in overalls, cutoffs, long underwear, and other tattered concoctions. The band, "Goldy and the Barrymen," played a very large range of music including polkas, slow type, and fast rock. Some of the attractions at the dance were sack races, a shooting gallery, pictures, and of course the hitching booth. The prices of a wedding varied, with the thirty cent wedding being the deluxe, which featured an all expense paid trip behind "Honeymoon Rock." The excitement shown on Friday, November 21, made this year's Sadie Hawkins a dern good, knee-slappin' event!

Here are the Hatfields . . .

I bet you can't hit it!

How'd I get into this mess?

Isn't it nice to have caught some guys?

And the band plays on . . . and on . . . and on . . . and on.

Dancing to the music.

What's so bad about getting caught?

Time to relax between dances.

. . . and here are the McCoys.

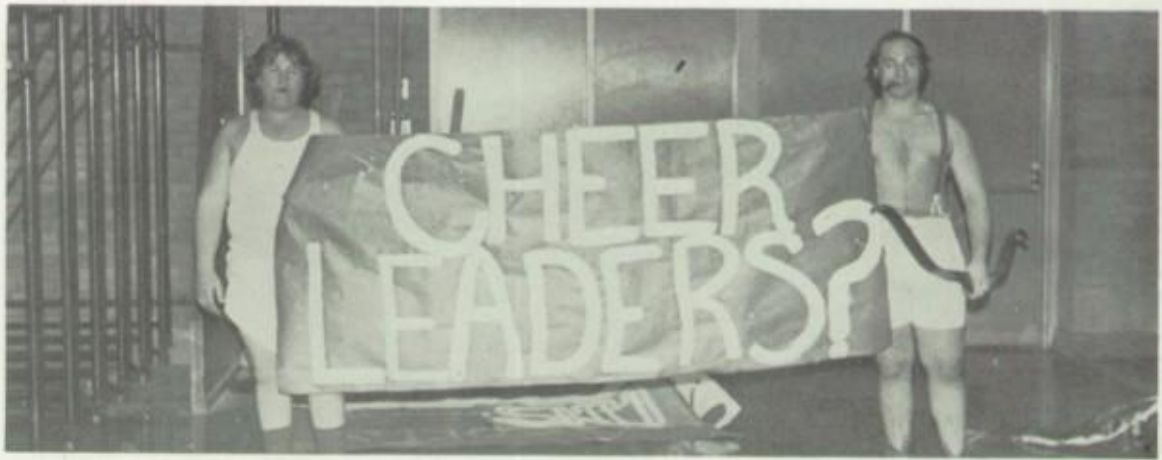

Decisions, decisions, decisions.

Hearts of Gold

Show Week began the Abes Babes Winter Formal activities. Mon. brought distribution of carnations by the National Honor Society. On 50's day Lincoln students slicked back their hair, turned down bobby socks and danced to the music of the Great Pretenders at the Sock Hop after school. Seniors were slave drivers on Wed. during Senior Day. Jackie Astleford's Abes Babes chapter entertained us on Thurs. by putting on a pep fest for Sports Day. Completing the week's festivities were Singing Valentines by the concert choir.

Saturday Feb. 14 was the evening of the dance, "Hearts of Gold." Kathy Ramstand and Steve Pike, last year's royalty, crowned Kim Forrey and Ron Lewis King and Queen. Kim and Ron's royal court were Prince and Princesses, Patty Carins, Lin Morrison, Sandy Rognstad, Jackie Astleford, Tim Schendel, Mike Hughes, Bill Baker and Mike Cleveland. Sophomore attendants were Pam Wishart and Steve Fling. Junior attendants were Jan Horstman and Reed Nelson. Master and Mistress of Ceremonies were Kim Buss and Rick Faye.

Jobs Opinion

Suzette Bouchard
Sophomore, Waitress at
Walgreens.

What is your job preparing
you for?

My job is not preparing me for any job in the future, but it is helping me to be more responsible and it helps me to manage money.

Why are you working?

I am working to help pay for my clothes and for my own personal spending money.

Rhonda Matsuura
Senior, Dayton's Pharmacy.

Is it difficult for you to go to
school and work at the same
time?

No, one learns to budget the time one has around their activities.

What is your job preparing you for?

A nursing career, plus learning to work efficiently with others.

Paul Hart
Senior, Master at Prime
Time.

What is your job preparing
you for?

I plan to be a chef when I graduate. If at all possible I will train at Hennepin Area Vocational Technical Institute.

Do you feel you are getting a reasonable amount of money for what you are doing?

I get \$2.15 an hour for being a supervisor and head cook, and I don't feel, with all the responsibility, \$2.15 is adequate.

Marilyn Mellenbruch
Senior, Dietary Aide at
Maple Nursing Home.

Is it difficult for you to go to
school and work at the same
time?

Yes, sometimes. It always seems that when there is a basketball game or a football game that I want to go to, it always seems that I have to work. As for my school work, I don't have as much time for studying, but I seem to be doing okay in my classes.

Carol Holm
Senior, Waitress at Lemon
Tree Southtown Center.

What does your job mean to you?

It means meeting new people everyday, taking over a great deal of responsibility and trying to please every customer so that I make money in tips. A waitress doesn't usually get very much money so she must make money from tips. The best way to do this is to please the customer.

What is this job preparing you for?

This job prepares me by teaching me to work with people, and how to take criticism, and to be responsible.

Debbie Benites
Senior, Swimming teacher at
the Y.W.C.A.

What does your job mean to you?

It means teaching and watching children of all ages, I especially like 2-3 year olds. I learn how kids learn and how they develop mentally as well as physically, by the way we teach them at the Y. We find new methods from parents also. It also is better qualifying me to work independently and to learn how to associate with kids of all ages.

Mike Benz
Senior, Works at Town Drug.

Do you find it hard to work and go to school at the same time?

A conflict always arises between work and school. It always seems when I have a test in class, I have to work the night before. But I always seem to get by. A bad grade in a class is usually from personal neglect to study. I think with many jobs, students find it relatively easy to handle. Teenagers have to work to survive in their future excursions.

Why am I working?

I need money and the experience. The money for transportation, personal usage, and savings. Experience so I am ready to handle other jobs in the future without complete ignorance.

Diane Teeters
Senior, Hostess at Henrici's.

Is it difficult to go to school and work at the same time?

No, I have found that spacing out my time works well. My senior class load is not too difficult. My classes don't really require that much studying.

As far as not being able to participate in school activities, I have found no problems. I am president of Abes Babes, I work on the yearbook staff. I can usually work activities around my schedule at Henrici's.

I was able to attend all of Lincoln's hockey and soccer games. Hockey and soccer are the only varsity sports which I am really interested in.

The only disadvantage in going to school and working, is that I don't spend much time with my family and my bedroom floor hasn't been seen since September 3.

Dear Lincoln

Belgium

Dear Lincoln:

During my year at Lincoln I made many friends. I really think that Lincoln is a great school because the board, the teachers, and the students are sensational.

Thank you for what I learned not only during my classes but also between classes, after school or during the school events.

Love from Belgium

Lan

Viet Nam

In April of 1975 Lan Nugen arrived by plane in Bloomington, from Siagon South Viet Nam. Lan came to the U.S. with her brother who was a war pilot and she is living with her sister and brother-in-law and their daughter. Lan and her family are sponsored by Hillcrest Methodist Church.

Lan enjoys living in the U.S. and going to Lincoln. She also thinks the people at Lincoln are very friendly.

Let's all fight for victory . . .

This is interesting!

Show me some spirit!

Our cheerleaders have changed appearance.

Pep Fests

Remember those half hour periods in the middle of the day when everyone got together in the gym to watch the Pep Fests?

The first one was the traditional "burn on sophomores" pep fest, which juniors and seniors thoroughly enjoyed. Diapers and pacifiers were tossed at them, and Dr. Stever even got in the act. At different times throughout the year the bruinettes and cheerleaders traded places for the day, cheerleaders became elves, and sophomores, juniors, and seniors had several races, (the seniors won all of them, of course). The cheerleaders spent hours practicing skits to perform for the school, and the bruinettes worked hard to show us new dances. After the Battle Cry, a tribute to the teams, and the school song, everyone was ready and in high spirits for that night's games.

Pep Fest skits are getting better.

Oh - we're on next.

Victory for our teams!

Oh! I love you Bear!

Is this what goes on in the gym over vacation?

Li'l Abner

On Thursday, Friday and Saturday, November 13, 14, and 15 the Lincoln auditorium was transformed into the Hillbilly town of Dogpatch U.S.A. There was revealed the Saga of Daisy Mae (Jo Fischer) and Abner Yokum (Berk Hancer) who were trying to save their town and, in Daisy Mae's case, catch a husband.

They and other Dogpatch inhabitants tried to convince Artis T. Fonsdale (Cindy Kiecker) to call off the atomic bomb by proving they were a necessary town. Their necessary items ranged from the crankcase of a model T Ford to a round trip ticket to the birthplace of Elvis Presley, but in the end it was Mammy Yokems (Darla Lundy) Yokom berry tonic that saved the day.

The audience seemed to enjoy the play and the cast received two standing ovations, one on opening night and the other Saturday night.

The directors of the play were Mrs. Stainer and Mr. G. Barry. The student director was Steve Basiago, and Halley Leffler choreographed all dances in the play.

Members of the East practice for the play.

Really? You got to be kidding!

This here's my pal, the World's Dirtiest Wrestler.

Surprise! Surprise! Surprise!

Mammy and Pappy Yokum fight it out.

I'm sure there's a penny around here!

And over here we have the National Lincoln Landmark!

You tell 'em Mammy Yokum! We can't lose our Dogpatch, it's the only town we got!

You can't get away now!

Daisy Mae making eyes at Abner.

Well, here's Daisy Mae!

Of course Daisy finds me irresistible!

You mean this time I'm really getting married!

Contrary to popular belief, Bears do not hibernate. After long hours sitting in a class room, our Bears spend their free-time prowling and carousing. There were always . . . Hot poker games at Pyle's . . . Parties at Baker's . . . The "T" Bird . . . And multitudes of friendly Bears at "Ole Pieper Inn . . .

Campaigner's at Tim Stowman's . . . Skating at Haeg Park . . . Tobogganing at Normandale . . . Foosball at Southdale . . . How about submarine races at Bush . . . Or quiet evenings at the Civic Center seeing that favorite group . . . "Do you know that people go to the Habidashary for years and never sit in the window seat"

. . . .
For the Bear intellects there is always the library . . . Homework . . . Or how about as a last resort watching T.V. . . . Hockey, swimming, basketball, gymnastics practices at night . . . Yearbook deadlines . . . Mah Quh finals . . . Band practices . . . Play practices . . .

Working . . . Babysitting . . . Shopping . . . Shows at the Boulevard . . . Handball . . . Roller-skating . . . Bowling . . . Swimming at Holiday Inn . . . Skiing at Buck . . . Perkins at 2:00 A.M. . . . Bridgemans after games . . . J's with alumni . . .

City lights atop the I.D.S. . . . Walking around Lake Nakomis . . . Even blistering cold of Jan. 7th didn't keep our Bears indoors. The closest any of us came to hibernating was falling asleep during first hour on our first day back to school from Christmas vacation. To all obnoxious, but well meaning Bears! Please do your best to nip this fearful rumor in the bud.

Do Bears Hibernate?

Social Studies

In their sophomore year, the majority of students were required to take U.S. History. Everyone remembers the first large group which they forgot. Running downstairs to walk in late greeted by embarrassing silence or laughter, if class hasn't started yet. History was one of two courses Juniors were required to take. They were given a choice between World History, Area Studies, Anthropology, or Global Perspectives, according to their interests. Not only facts about other countries, but also the ancient Romans, Greeks and other civilizations were discussed, also current events took up a part of the Junior Year.

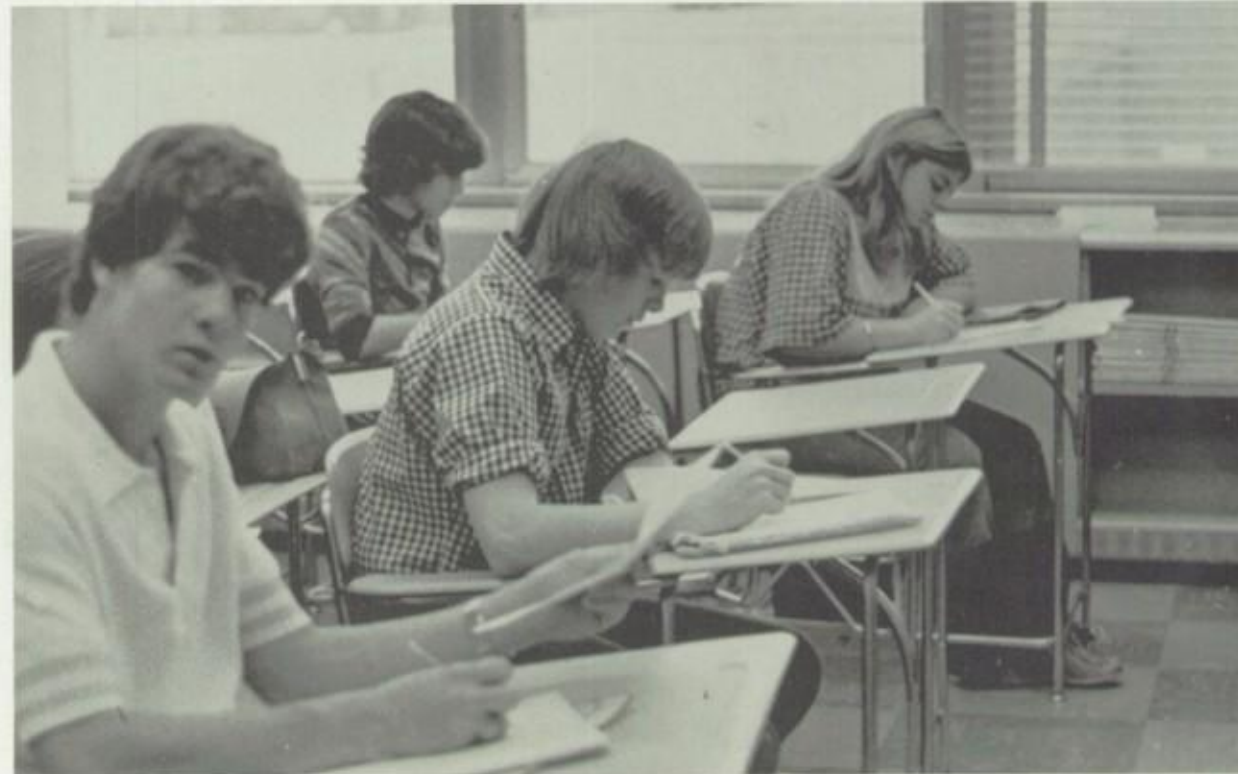

In the Senior year students were required to take Sociology, Economics, Political Science or Contemporary Perspectives. The course consisted of learning about social problems, our economic situation, and a discovery of our inward selves. In another area, classes were held in which students learned about death, futurism, and their self values.

It's that funny.

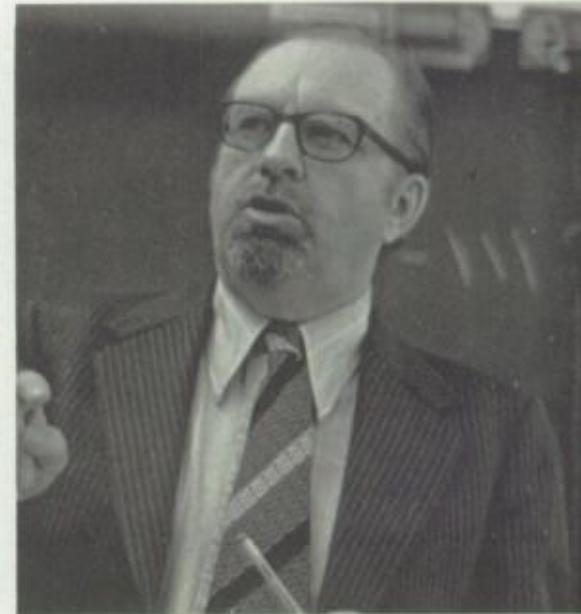

We needed to know that for the test.

Work! I'm allergic to it.

What? Cheating again?

. . . and when I was in Rome . . .

What are you worried about?

I'm not ready for this test.

Lost something again?

Aren't we studious.

Chapman's class?

And now for current events.

Communi- cate

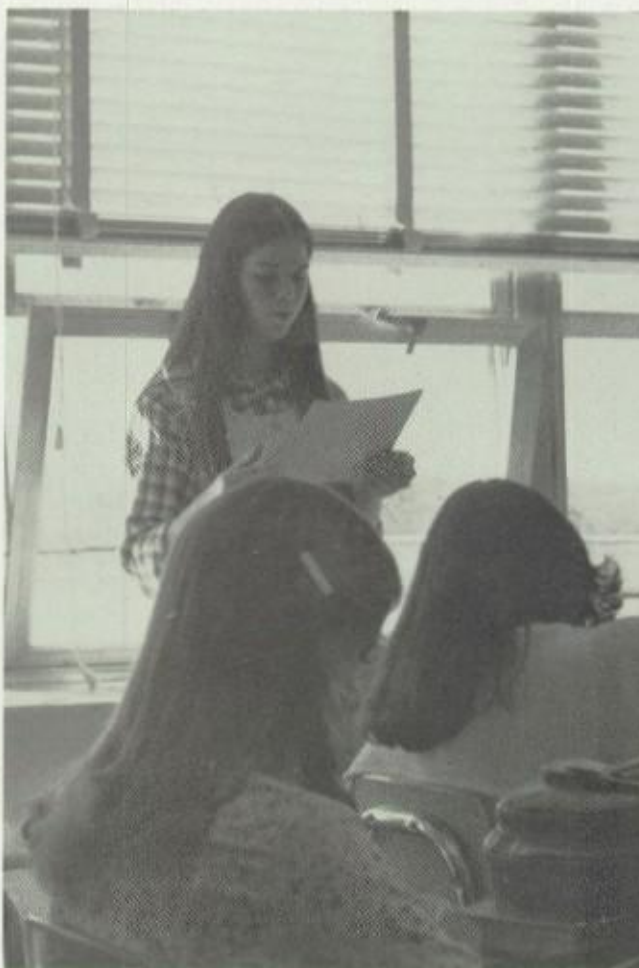

Talking is the best known form of communication. In School students and teachers used a variety of ways to communicate. One form was through the advisor-advisee program. The purpose of this program was to broaden and personalize the communication process between the administration and students in regard to classes and colleges for future quarters and years. Extracurricular activities also helped students broaden personal interests. During Human Relations Day speakers came and each student had the opportunity to listen to someone of different ethnic groups. Another aspect of communications is foreign languages. The languages offered at Lincoln were French, German, Spanish, and Russian. The curriculum included volleyball games between the foreign language classes and a few sample tastes of foreign foods. Plays, novels, short stories, and poems were all under discussion in the English Department. Research papers, themes, films and tests were among different forms of learning devices used by the English teachers.

Okay, but be sure to get the facts straight!!

Look Mommy, only two cavities!

Another exciting day in English Class.

Science

Sciences at Lincoln taught the Bear about himself. Chemistry told the Bear the elements that he was made up of. Environmental Studies and Biology showed him where he lived and what genes he was in. Behavior Science explores his inner mind and emotions. Physics told him how he moved himself about and other things. Physiology explains to the Bear how he was put together and how he worked. Computer Science taught him to calculate and add up his world.

Huh!

You could see better if you move your finger.

I forgot there was a 20 minute break.

Ah, how you say . . .

I still can't see what they think they see.

That's a good question.

We've got to stop meeting like this.

What's this?

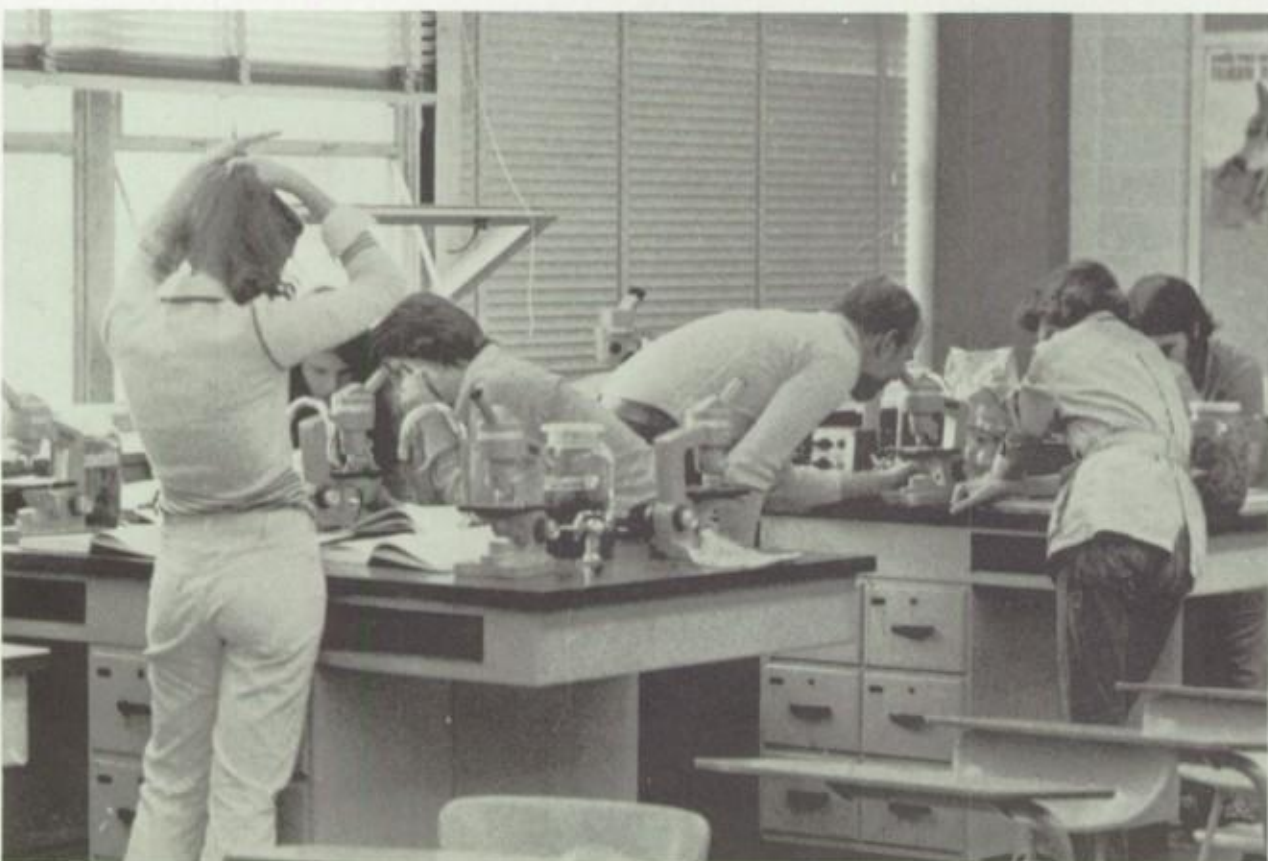

Surprise!

I'm glad I have all the answers.

You've got to be kidding!

It looks better the other way.

What do I do next?

Careers

Lincoln Career division included five varieties of classes. They included Art, Home Economics, Business Education, Industrial Arts, and the Co-op program. The career division provides avocational and vocational experiences for the students at Lincoln. Business classes prepared the student for a variety of experiences. They learn how to type, prepare accounts, use various business machines, shorthand, do dictating, and a variety of things relating to the business field.

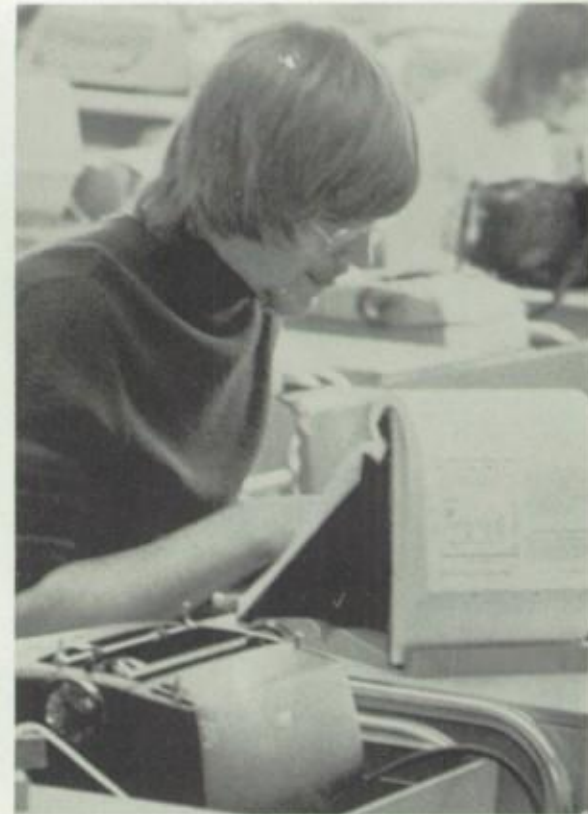

In art classes, the student became aware of the many different medias which included: painting, sculpture, drawing, ceramics, and fabrics.

The Industrial Arts students had a wide variety of experiences to learn about industry and developed skills for a job or for leisure hobby's or individual interests. These experiences included: Graphic Arts, auto mechanics, metal working, wood working, photography, drafting, electronics and fluid power technology.

Home Economics enabled students to learn about formal and informal cooking, how to sew for enjoyment and advanced sewing such as tailoring. They were also involved in cooking and baking. Child Care and Development is also a part of Home Economics. The Resource Center for the Career Division provides a place for the student to study or do recreational reading.

Just like we did it in Kindergarten.

If you don't like it say something.

Let me kiss it and make it better.

Vo-Tech

After occupying fifth and sixth hour in previous years, Vo-Tech students moved into morning programs with students attending second thru fourth hours. The Vo-Tech program was held on a voluntary basis with students learning a special field in which to prepare for the future. Classes were held at the Eden Prairie Vo-Tech Center where students participated in classes such as dental hygiene, child care, auto body, cooking and auto mechanic.

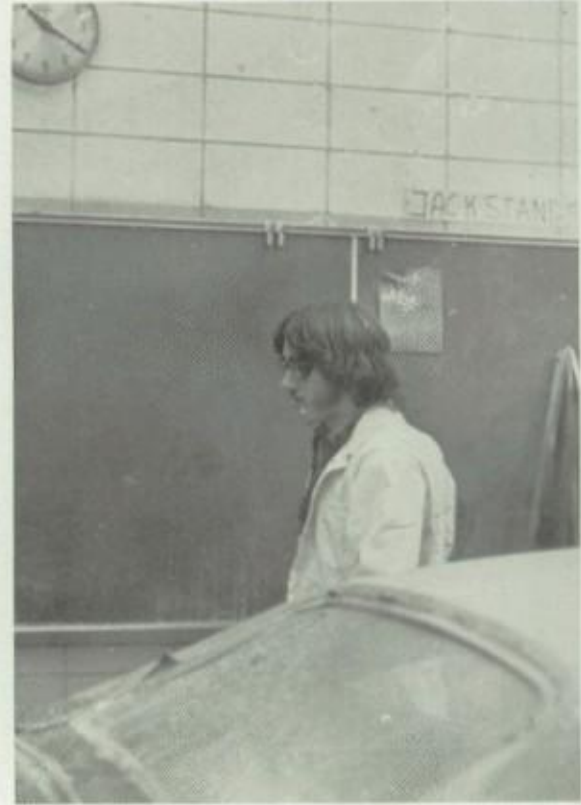

Come on, take a picture of me with my eyes open.

Man on the job, Rory Scott.

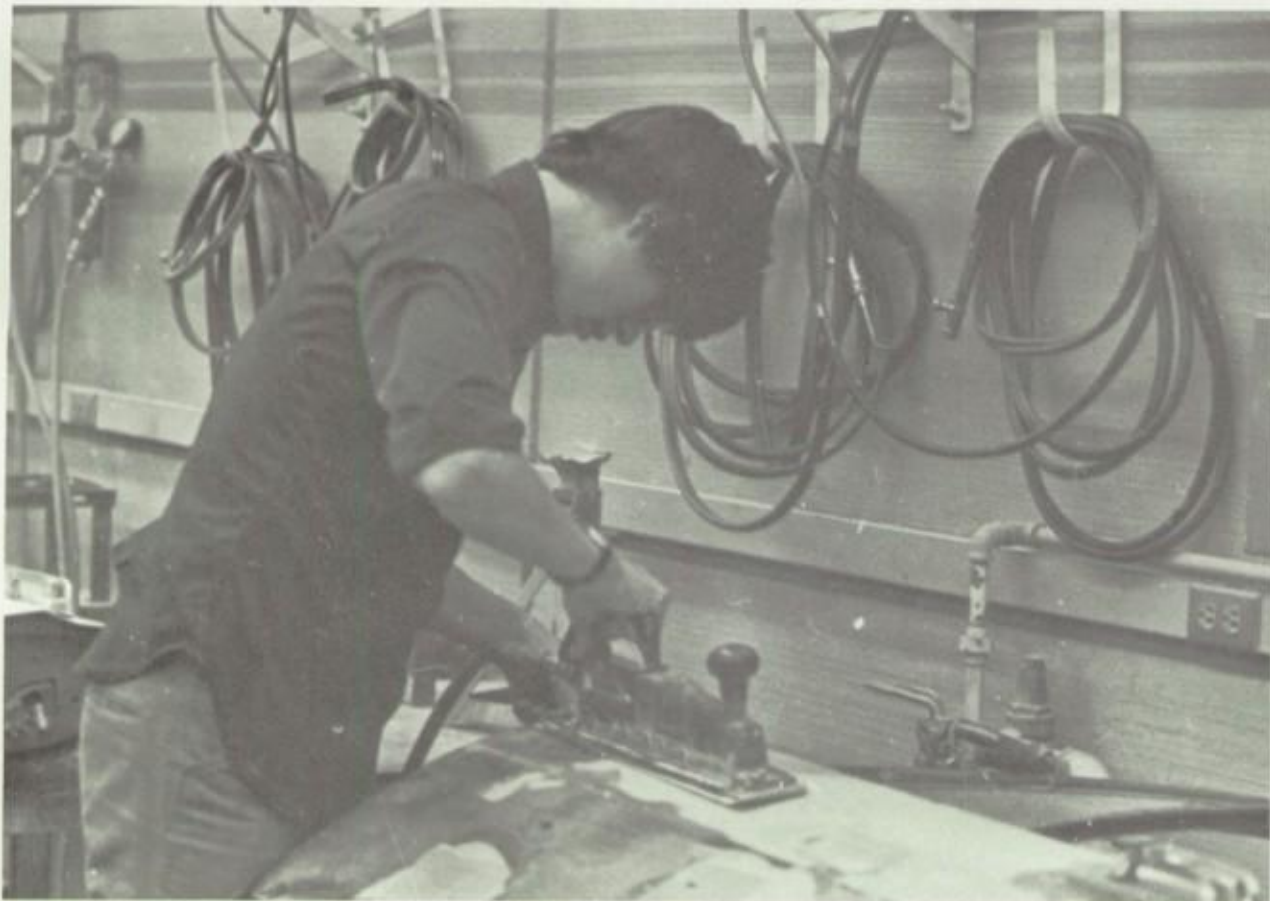

Don't turn away.

. . . and then the spaghetti goes over . . .

Wow, must be some magazine.

Let's see now, where does this go?

. . . and chop it all into little pieces . . .

No, please, I don't want my picture taken.

Oh, alright.

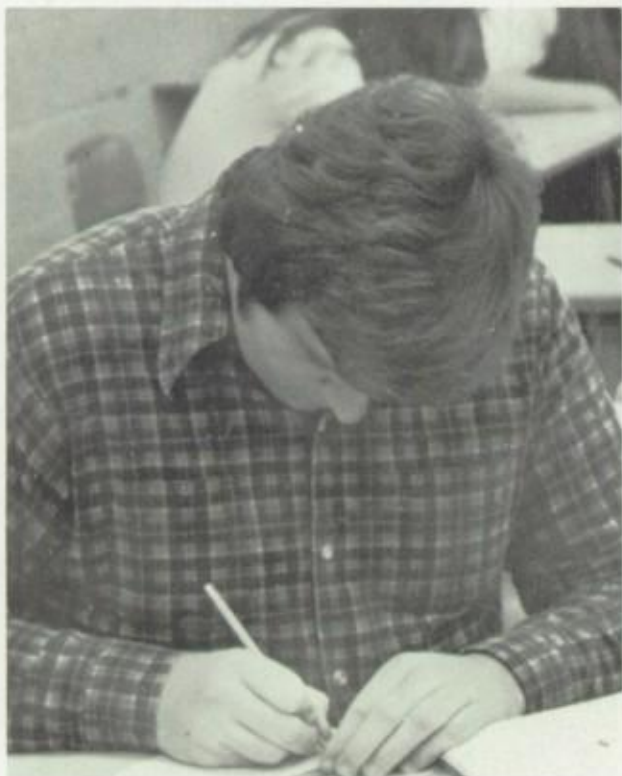

OK, mac, none of that now.

Man, I'm so hungry.

Math

Besides learning to "stop being ostriches" Lincoln math students could expand their minds, "if ya know what I mean," with analysis; higher, elementary, and linear algebra; trigonometry; and half a dozen other courses.

Two of Kitts' ostriches work out an answer.

So that's how you do it!

And then we go all the way around . . .

Band

The Concert Band, under the direction of Mr. Nathan W. Earp, was very active this year participating in state large group contests and performing numerous concerts for the public. The high quality of their talent has been exhibited through selections such as MARCHE SLAVE by P. Tschaikowsky, GEOMETRICS NO. 1 by M. Mailman, and PROCLAMATIONS by T. George.

I'm getting dizzy.

No, I'm Not the little drummer boy.

Simon says knees up.

Our man on the field Mr. Earp.

Show Time

Two weeks before any of us returned to the halls of Lincoln High, our "Showband of the Midwest" was getting ready for their first half-time. With 103 new sophomores, Mr. Earp and the upper-classmen practiced patience and understanding while teaching them their left foot from their right.

Charlie Meridith, drum major, led the band at two fall parades. They entertained us at home football games with flashy and flamboyant half-time shows. They performed for two Normandale football games, and razzled and dazzled Vicking fans during the Viking - vs - San Diego game on November 23. The band performed two indoor concerts and did a benefit concert at Southtown shopping center.

With 70 new and much deserved uniforms. Hours and hours of street marching in the blistering cold of December, the band packed up for Florida on December 26 for ten days of sun and fun.

While most of us were sitting by fireplaces watching the Orange Bowl football game on television, the Lincoln Band members sat in the Florida sunshine and watched the game in the stadium. They were one of fourteen bands to march in the Orange Bowl Parade on Dec. 31. They were also guest band at Walt Disney World. With crates and crates of Florida oranges and grapefruit the band gave many Bloomington families a taste of the Florida citrus crops while raising money to finance their trip.

Oh I'm so sick of this!

There's something special about sophomore girls.

Choir

The Treble and Concert Choirs directed by Mr. Barry, have entertained many different audiences. Among their performances they caroled at Northwestern Bank and the Mall, and sang at Lincoln's Winter and Spring Concerts, as well as Fort Snelling Church. There have been many different fund raising events to raise money for the choirs' activities. Some of these events were selling candy and Singing Valentines.

Orchestra

Lincoln's orchestra had much to offer its members this year. Under the direction of Mr. James Chlebeczek, the orchestra had the chance to hear some excellent musicians two of which were Igor Oistrakh and Ruggiero Rioci, both world renowned soloists. Orchestra is included in the school curriculum to broaden understanding of significant music and develop playing skills and styles. To achieve this the orchestra gave winter and spring concerts with the choir, presented school lyceums and visited the Minnesota Orchestra.

Enthusiastic, hard-working, spirited and dedicated were just a few words describing the Pep Club members. They chanted cheers at our numerous sports activities. The late nights of making posters and locker signs helped psyche up our athletes. The teams appreciated these students who were concerned enough to take extra time to really pep up our school! If there had been no Pep Club, our school spirit would have been lacking greatly!

Kick 'Em Up There

Practicing ten hours a week, getting those kicks up, screaming to get in line, gossiping around the clock and always having fun. That was what being a Bruinette was all about. Games, games, games, overnights without sleep, cake after school, and pictures by our own Sylvia! Being a Bruinette was time-consuming, exhausting, and frustrating, but it was a rewarding, unforgettable experience for everybody.

Remember when . . .
Lincoln cheerleaders proved they knew Kung-Fu? . . .
Perhaps that was one cheer they preferred not to remember but it was cute and typical of all of the creativity displayed in the pepfests. All summer long the girls worked hard to perfect and improve their numerous cheers. The students and staff greatly appreciated the cheerleaders' enthusiasm and involvement.

The Silks Marched Ten by Ten

The Lincoln Flags have changed in many ways. In past years the Flags' purpose was to add color, but became a separate unit of their own performing featured drill routines as part of half-time shows. In addition to new drill flags and poles, the girls had an instructor, Charlie Pagenkopf, who taught a new style of marching and maneuvering. The Flags practiced every night after school in preparation for half-time shows, the Vikings game, and the Orange Bowl parade in Miami, Florida on

Sing It Again Bearies

There was a new look for the Lincoln Bearies this year. The Bicentennial theme influenced the group's selection of uniforms in shades of red, white, and blue. Under the direction of Mr. Gordan Barry, the Bearies have provided pop music entertainment at school concerts and have had various performances at Southtown, Fort Snelling, and local banks throughout the year. At hospitals especially, the children enjoyed the music and dance routines which the members had choreographed themselves . . . This spring, the Pop Group attended a clinic

at Mankato State University. Various groups from throughout the area worked on new song arrangements and choreography. A member of the Bearies, Barb Burke, stated: "Besides having fun performing and reaching out to others, I think we all have learned to work as a group, which can be very hard at times. I look forward to being in the Bearies again next year."

Water Bugs

"Water Bugs" "Aqua Ducks" "Tad-poles" - a few of the names given to the girls commonly known as Aqua Debs. The girls spent two nights a week for a few months of the year learning flips and synchronized strokes in time with the music in hopes of being ready for the May show. Judo was a marshal arts intramural sport, new this year to Lincoln students. It was opened to sophomores, juniors and seniors and had two advisors, Mr. Bach and Mr. Molosky. It featured several important features of judo, one of which was how to fall correctly. The students were also taught all the different holds, strangles and flips.

DECA

The Distributive Education Clubs of America was an organization for students interested in marketing, merchandising and management. Lincoln DECA students not only had classroom training under the instruction of Mr. Duane Zaun, but they also went into competition with other schools in areas of personal interviews, displays, sales demonstrations and many more. Some won trophies and awards depending on how well they did in the competition. Representing Lincoln at many DECA meetings this year were officers Mitch Horstmen, Janet Furlong, Doug Loos, Steve Thaxton, Diane Basil and John Rochelle.

MOEA

Cooperative Office Education was a joint effort between the business community and Lincoln High School to provide opportunities for students to practice in a real business office the skills and concepts previously learned in school.

Students spent a half day in their regular classes, including a related class in Office Education, and received training in a business office during the remaining half school day.

Some of the major highlights the students participated in were

the Regional Competitive events, winners of the regional competitive events advanced to the State Leadership Conference in March, and the winners at the state leadership conference participated in the National Conference which was held May 1-4, 1975, in Topeka, Kansas. HEART

HEART (Home Economics and Related Training) was a club for those students who were on a home economics on-the-job training program. They were associated with a state club and their activities. In the fall, there was a Delegate Assembly Meeting in which state and district officers were elected. During the year cake decorating contests between the three Bloomington High Schools were held and the Lincoln students competed with students from all over the state in events which they have had training. This is a youth organization which not only helps to develop occupational skills but also helps in a state-wide and city community projects.

We

"We," Work experience was a program designed for students interested in exploring careers, are ready to experience the real world of work, and need the challenge of a job to motivate them.

"We" was taught by Mr. Boeser. His job was to help the individual through school and outside of school.

The success and importance of "We" was voiced through comments made by the students themselves; "Six hours drug me down. I functioned better on 'We' and I liked school a lot better."

"Being on the work program

You'll Dig It

Lincoln's Anthropology Club got off to a good start in this, their second year, with a picnic at Moir Park this last fall. Their fund-raiser was the selling of bicentennial trays with the money going towards the members' trip to Effigy Mounds, in Iowa, during the spring. This year the president was Dawn Knight, with Mary Thomas as vice-president and Karen Skarolid as secretary/treasurer. "The Head Primate" is the name fondly given to their advisor, Mr. Dube.

Snow Bunnies

The Lincoln Ski Club is an active group, consisting of more than 160 members. Weekly trips to Buck Hill proved, again, to be a success. Two Saturday trips and a weekend to Lutsen topped the season off. The appreciation of the club was expressed to both Mr. Jack Born and Mr. Jim Keelin. Student Planning Committee Members were: Jon Flugstad, Steve Thaxton, Marshall Neeck, Christian Legand, Michelle Jones, Rory Scott, Tom Smith, Jim Smith, Mary Pederson and Greg Lanzo. These interested people worked to keep the various activities running smoothly.

In the News

The Mah-Quh has been around a long time, as a fact since the mid 1950's. However, since then things have been changed and updated considerably, for instance, colored ink was printed on colored paper, presenting something new and interesting for the student body and faculty. Also, with variety in photography and a change in format, (from the traditional two columns to three columns), there was a totally new outlook for the Mah-Quh. Thus, presenting a school publication

everyone could be proud of. Having a first rate staff, twice the size of previous years was the backbone to Co-Editors; Cindi Walden and Lynn Marchessault. Without the entire staff, there would not have been the quality there was.

Aside from the pressures, hassles, deadlines, glued fingers, broken typewriters, not to mention many nights working until 9 p.m. there were just as many good times. The staff also socialized outside of school. For the first time a bowling team was formed, aptly named "paperollers." There were numerous parties with a top advisor, Mrs. Kay Krueger, at times joining picnics and get togethers all of which helped to keep the spirit together and on a friendly basis.

Events of the Year

A yearbook - not just records, pictures and memories of high school, but a product of a hard working advisor and staff. The new advisor Mr. Larrys Krueger and editor Cindie Enright helped to bring about a change in the appearance and meaning of the BEAR. The incorporation of colored pages and more emphasis on student life brought about the cohesiveness of the book. "Living" was the theme chosen and the book is based around living and life at Lincoln. Many late nights and

long weekends were spent turning "total confusion" into a stable and energetic staff. All work and no play couldn't really be said, for many new friendships were formed, everywhere from staff meetings to selling ads. By continually working with class pictures and candids, the section editors, photographers and staff felt as if they knew everyone in school. The events of this year at Lincoln were pieced together slowly, but surely. With all the deadlines, despairing moments and long nights out of the way, the BEAR arrived, in full print, to the joy of all those who worked so hard to make it a memorable book.

Bearing It All

"Bearing" - the term used by the girls when they crawled into their furry sauna and went out in front of their fellow student body to rouse up some spirit. To arouse spirit the bear would dance to the band, bug the cheerleaders, (and the players), trip over everything, mainly because they couldn't see, and generally act like your typical, normal, everyday bear.

"Bearing is a panic."

Thespians

Thespian's is an honorary organization set up to give recognition to those who spent many hours working in theatre arts fields. Thespians is open to anyone interested in theatre, however, all thespians spent a required amount of time working on crews and participating in plays. Being a member of Thespians is like lettering in a varsity sport. It takes a lot of time and many hours of extra curricular work. The '75-'76 Officers were Pres. Tom Larson, Vice Pres. Laurie Jones and Sec. / Treas. Donna Hardy. Thespians sponsored a variety show in the spring. They had two initiation dinners, and had much fun during the year.

What Is?

The philosophy club will best be remembered for the fact that nobody knew there was a philosophy club. There was, however, and the members themselves remember inspirational cruising, sporadic meetings, Viktor Frankl's MAN'S SEARCH FOR MEANING, "Welcome Back, Kotter", those things that "just melt in your mouth", and T's philosophical wit. An unstructured discussion session, philosophy club enabled members of all grades to come together and examine topics ranging from "What is the meaning of life?" to relationships between people.

Always for the Students

This years A.F.S. had two foreign exchange students Markus Auer from Germany and Andree Peigneux from Belgium. As in previous years fund raising was necessary to bring these students to America. American abroad returners were Joan Nelson, Debbie Torning and Sandy Albarella. They told of their experiences at a potluck dinner sponsored by the A.F.S. club. President - Mike Brady, Vice-President - Kim Noah and Secretary - Beth Willman reigned with Mrs. Hendrickson and Miss Schlfe as their advisors.

Athletic Existence

Blighted Hopes

The Bears began the football season with enthusiasm and a new offensive look: "The Wishbone." Their hopes of turning Lincoln's football fortune around were not realized, with a disappointing 1-9 record. Physically out-manned they entered every game with the will to win and emerged outscored but never defeated.

Heartbreak Kids

The Bear Soccer Team had another outstanding season, suffering only two losses out of the seventeen games that were played. The first loss came early in the season when they lost to Eisenhower, 1 to 2. This, however, was followed by a fifteen game winning streak which was ended in the finals of the regional play-offs, when they lost a heartbreaker to Edina West, 2 to 1. The teams success can be attributed to their outstanding depth and overall team balance and the fine performance of many individuals. Out of these fine individuals, Bob Hartman, Dave Gunderson, Bart Larson and Captain Tim Rathje, were players selected to the all-conference team.

The Wet Set

Lincoln's swim team showed good form this year due to the girls' willingness to work hard and to their new coach, Greg Anklam. Sue Peake, one of the tri-captains, felt that their performance, specifically in Regions, was due to the fact that Greg prepared them better for what to expect in competition. "He expected each one of us to do as good as we could and that was enough for him." Individual effort was stressed as well as team effort and it paid off. More girls went to state this year than ever before.

Hot Cross Tracks

The Lincoln Harriers enjoyed a winning season, supported by good weather. Girls took 2nd in the Conference meet and 3rd over-all in the Conference, led by Judy Ritter, Sharon Nelson and Stephanie Peckham. They also placed 1st in the Junior Varsity meet and went on to rate 4th over-all in the Region finishing with a 7-2 record. Reed Nelson and Harry Schutte led the boy's team to a 9-4 season record and a 3rd place tied position in the Lake Conference. Said Coach Bill Ochs of the boys: "We started the season with a below average (prospects), but ended up tied for 3rd, which was way beyond the expectations as the season started." And the girls: "I think the girls came a long way this year, considering most of them have never run before. Attitude was very, very good." Mr. Ochs expects a "fine team next year."

Spike it to 'Em

The volleyball team faced defeat this year. Although a high level of skill was present, the team lacked a cohesiveness that was necessary for victory. Led by Tina Pieper and Lorrie Mueller, the team faced many heartbreaking defeats. Most games were extremely close, but Lincoln lost the confidence that was needed to win. The season culminated with a record of 2-16, but the athletes' lesson in losing was a victory in itself.

Team That Never Quits

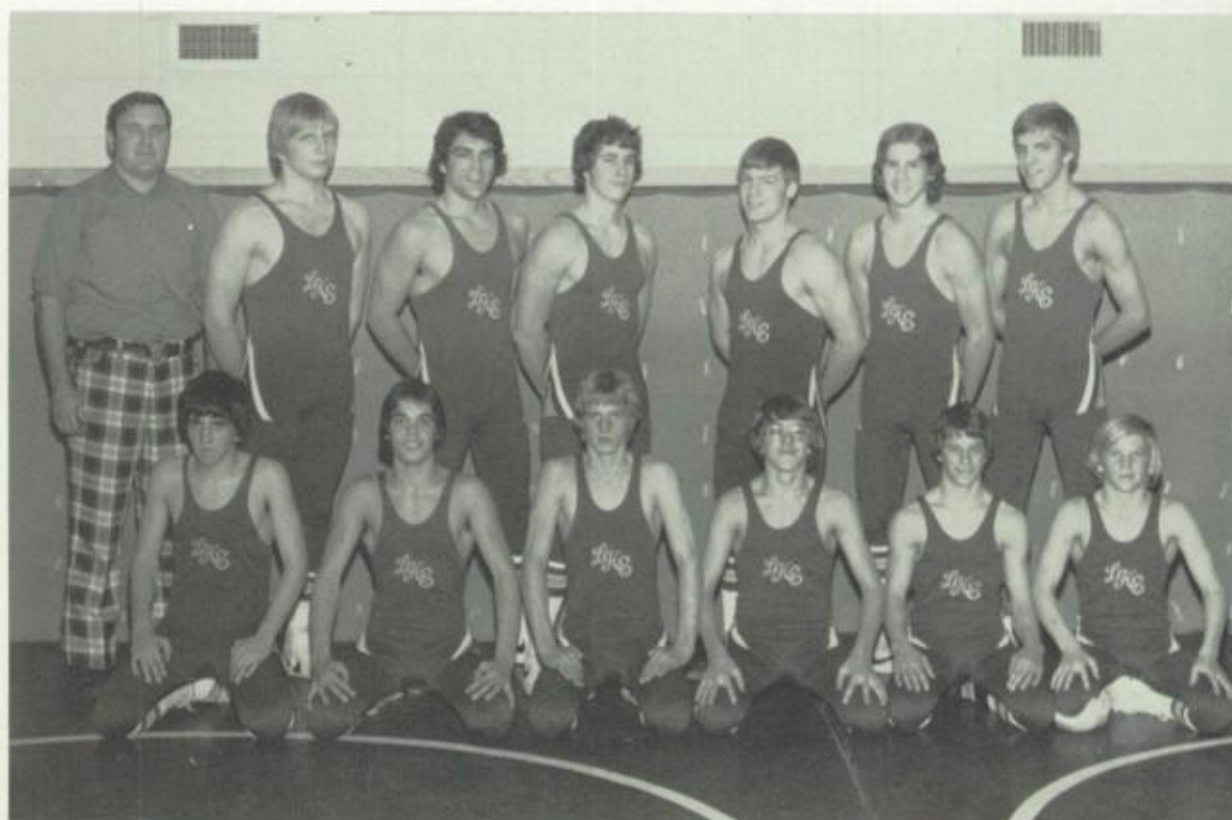

The Lincoln Girls' Tennis team had improved tremendously since its beginnings two years ago. The girls willingness to practice and work had produced some fine individuals. They started practicing in late August and were out on the courts until mid October. The girls played in anything from forty-degree fall weather to ninety-five degree summer heat. Coach Hornig felt that "Despite our record, this year's team reached two milestones, one, the Bloomington title was ours for the first time in the history of Lincoln, and second, the doubles team of Peterson and Hartwig came closer than any other Lincoln girls in reaching the state tourney, losing in the quarter finals."

Winning Ways

The Lincoln wrestling team experienced a most exciting and rewarding season. Under the fine coaching of Tom Lampi and Dave Herbold the Bears had their most successful season since winning the Region title in 1969. The Bears finished the season with an 8 wins and 3 loss record, and finished second in the blue division behind Robbinsdale. Coach Lampi attributes much of the team's success to a well balanced line up. Randy Krautbauer, Mark Moss and John Elton, who were selected to the all-conference team, did a fine job of holding down the lower and middle weights. Others that came through for the Bears were sophomores Kelly McDougall, Drake Aaze, Don Rasicot and Greg Eldred. Those Sophomores with the addition of the leadership of juniors Bruce Larson and Dave Arbuckle will make up the nucleus of next year's team.

Mighty Bears Never Quit

Varsity

Lincoln's 75-76 basketball squad, under the coaching skills of Joe Hutton had a successful season. Although the win-loss record was great improvement was shown towards the end of the season as the Bears gained confidence and consistency. Steve Barry returned to the starting lineup and led the team in rebounds. The other returning lettermen included Larry Opatz and Mike Cleveland. Opatz proved to be the MVP and averaged nearly 20 pts. a game. Bob Hutton, Chris Pyle and Jay Hilbert were junior regulars for most of the season and played exceptionally well.

Junior Varsity

Lincoln's J.V. team completed another winning season under Coach Marty Carlson. An unusual number of close games were played this year. The victory over Kennedy in a sudden-death overtime was one of the highlights of the season. Rich Lough and Mark Allen were the leading point getters for the J.V. team. Mark Anderson was the rebound leader with help from teammates Marc Tillung, Randy Schultz and Erik Anderson.

Sophomores

Lincoln's sophomore team, under Coach David Dube's supervision, compiled a record of 10 wins and 10 losses for the season. The wins over arch-rivals Jefferson and Kennedy and a win over Richfield highlighted the season. Leading scorers were Brian Neuenfeldt, Dave Barry and Steve Fling. Leading rebounders were Steve Krull, Brian Neuenfeldt, Kevin Patterson and Kevin Sheehy.

Tom Russett aims perfectly for a basket.

Lincoln's Ski Team

Under the coaching of Leroy Martinson, Lincoln's 75 - 76 ski jumping squad scored highly in Lake Conference competition. Their record was 10 - 0 with one tie. The squad was small; with one returning letterman—Mark Ellefson, yet did contain depth. Mark Ellefson was region champion and Ellefson and Mark Hurd were the region squad champs. Mark Miles and Jim Tenpas went to the state meet with Ellefson and Hurd where they scored sixth of twelve squads.

Lincoln's slalom squad in the last six years has won 57 meets and lost 5. Under Jim Dimonds coaching, the 75-76 team continued with the winning tradition. The boys' conference record was 11-0 and the girls' conference record was 8-2. Brian Strand and Jay Turkbash placed first and second in sectionals, respectively. Strand placed second in the state. Ann Hartwig placed first in sectionals and first in the state. Other Lincoln skiers who qualified for state competition were Tom Jungst, Jay Turkbash, Curt Johnson, Melissa Bagely and Shari Wilson. In overall state slalom squad results, the girls were rated second and the boys were rated third.

Lincoln's cross-country squad had a brilliant year in both conference and state competition. The boys' cross country squad were section two champions. Mike Adams placed second and Scott Anderson fifth in the sectional meet. The girls' cross-country squad had an unprecedented year with a conference record of 10-0. Lincoln girls unbelievably took the first four spots in the sectional meet. Sandy Hero took first place, Joanne Mamel-second, Julie Craven-third, Carrie Anderson-fourth, and Kris Green-sixth place. In state competition Kris Green took fifth place and Joanne Mamel took sixth. Lincoln girls ski team (slalom and cross-country combined) were first in the state. Yes, indeed, it was a good year!

Champs!

Broken appendages, flu, and sudden deaths plagued our Bear hockey team. With a 17 and 1 conference record the team took first place in the Lake Blue division. In a heartbreak sudden death game against Rochester J. M. the Bears missed their chance for state.

Under the fine coaching of Terry Bergstrom and Harry Mitchell, the team had a strong and experienced team. Co-Captain Bart Larson was leading point-scorer with 36 goals. Despite the fact that Tim Harrer missed half the season with a broken leg, he averaged two points in the games he played. Co-captain, Jeff Jarnes, did an outstanding job defensively for the team. He also spent the most time in the penalty box. Mickey Pickens as goalie topped off a strong team. Adding to the team's power were Dave Gunderson, Stew Lindberg, Jeff Pyle, Bruce Porter, Mike Hughes, Mitch Speicher, Randy Leeman, Bob Hartman, Mike Harrer, Kirk Kesley and Scotter Larson.

Mickey Pickens gets an award for "best actor on ice."

Jarnes and Speicher doing what they did best.

Hughes chosen Mr. Congeniality?

There's no need to fear, Pickens is here.

Timmy keeps the Robin's hopping.

Well, I think it's time to go back to work.

Randy gets another one.

Kirk Kelsey, all by himself.

Bruce Porter at the faceoff.

Ah, coach, it's so hard to stand still.

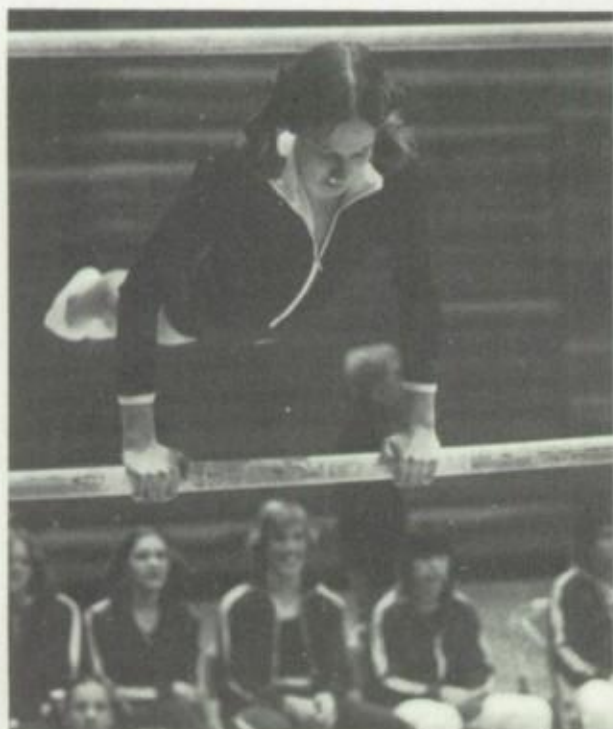

That unmistakable Larson style.

Gymnastics: Lincoln Style

The Girls Gymnastic Team exhibited some excellent form this year under the new coaching skills of Mary Johnson who was assisted by Becky Houde. Jackie Nelson, Lincoln's all-around was consistently the high scorer for the team for the past three years. Kandy Krutch excelled on the floor exercise and was also a consistent high scorer. Co-captains were Lynn Saski and Jackie Nelson.

The Boys Gymnastic Team, under the commendable coaching skills of head coach Rod Daniels and assistant coaches Jim Wolf and Scott Johnson, produced several outstanding individuals. Brian Ellis, Lincoln's all-around excelled in all events, particularly high bar. Dan Packer exhibited good ability on floor exercise and was consistently the team's leading scorer. Co-captains were Keith Esse and Chip Berglund.

"75" Conference Champs!

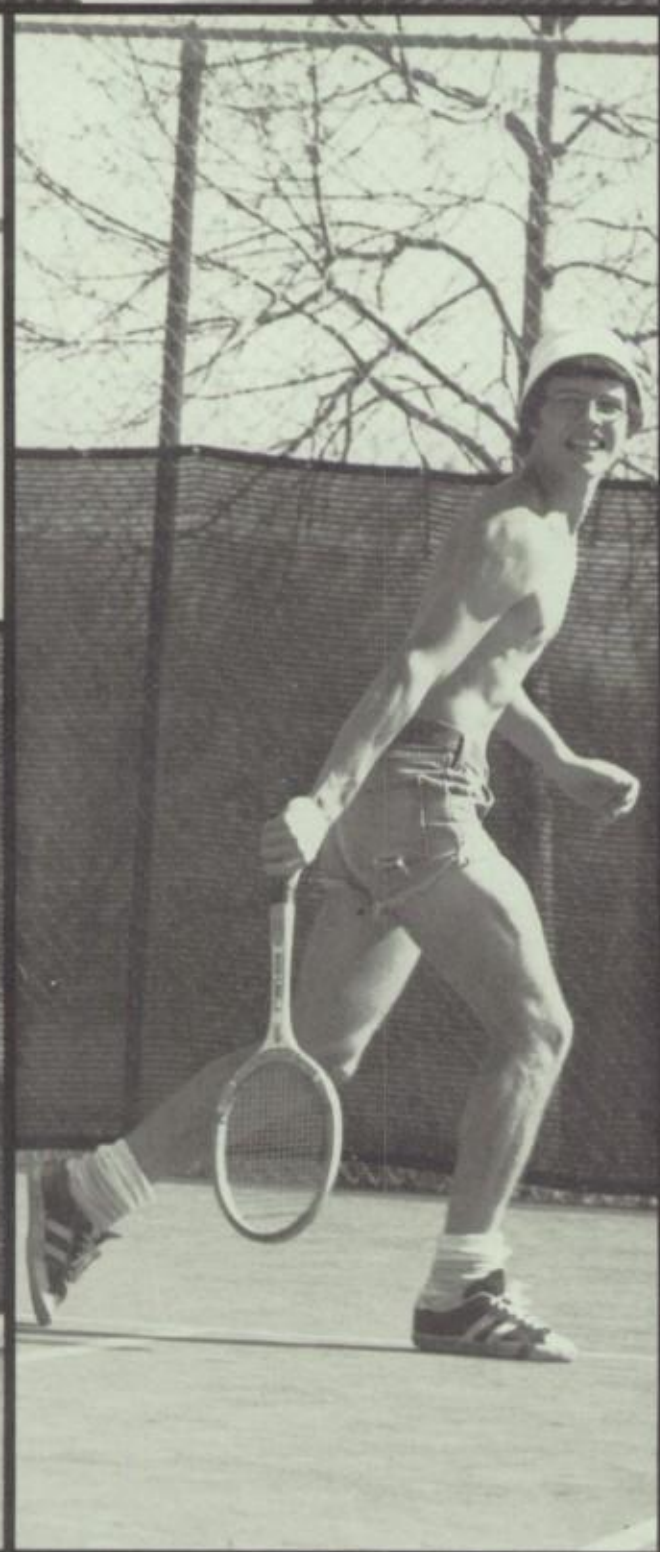

The "75" Lincoln Golf Team won its first Lake Conference title with a record of eight wins and two ties. The "76" team had three returning lettermen: Larry Opatz, Dave Gunderson and Bart Larson. All have been on the team three years except Opatz. With help from the B squad and sophomores the "76" golf team did quite well.

Tennis

"75"

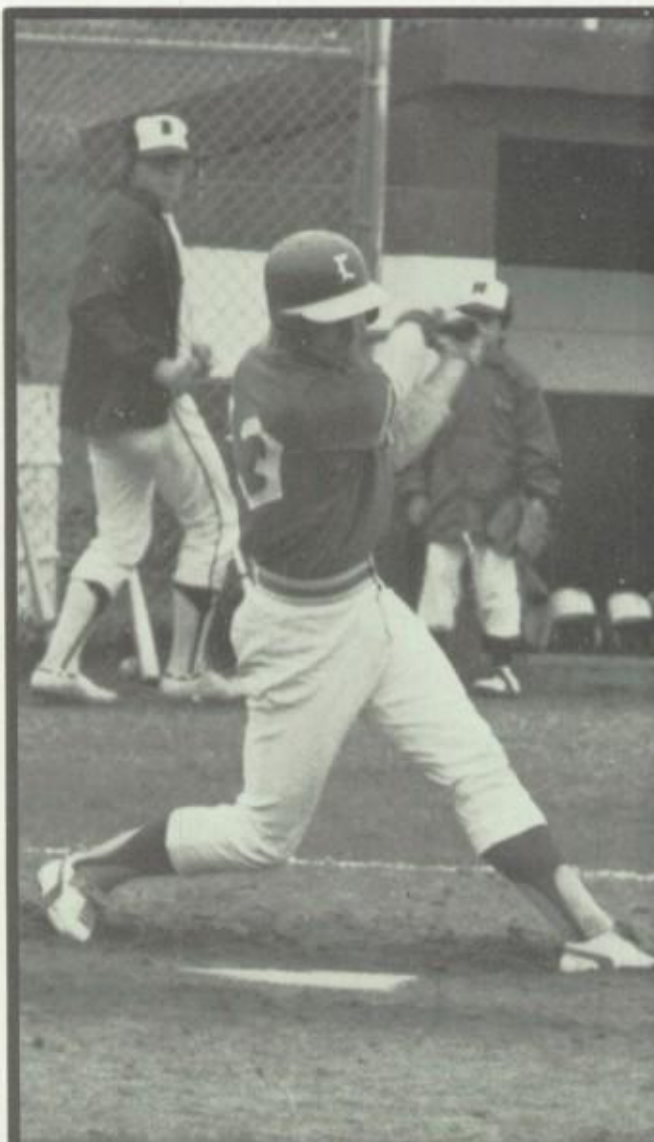

Lincoln's "'75" Tennis Team was riddled by injuries to key players which resulted in a 2-11 season. Head coach Gerald Molosky assisted by Coach David Hornig felt the team was young and that it was a building year. The "'76" team was young also but had some talented players to carry them through a successful season.

Baseball

"75"

The Bear Baseball Team came through the "75" season by winning the District #18 Tournament, and placing second in the District #18 Championship. Lincoln's head coach, Joe Dolan, assisted by Marty Carlson helped the team to a 9 and 4 record. Mike Mauk, Doug Gronseth, and Dwight Geisler received All Conference honors. The "76" team was young and inexperienced and played under a new coaching staff. The "76" team had one returning letterman, Bob Hartman.

Track "75"

The Boys "75" Track Team had a successful year led by a strong mile relay team. Ken Lewis, Eric Paulson, Alan Paulson and Brad Jostock were the four main relay runners. Rick Waclawik did an outstanding job in the shot put. Intervals, the horrible conditioner, kept the boys as well as the girls in shape. The Girls "75" Track Team went ahead and broke eleven school records of the fifteen events in track competition. Kathy Sheare did an outstanding job in the state competition placing sixth in the discus. Recognition should also go to Tina Pieper, Joanne Mamel and Patti Geehan for their fine performances.

Time seemed to drag
Then at the end -
It all went too fast.
There wasn't enough
Left to finish
All that we started here.
But, it's time to start anew.
To tears we give way -
Tears of joy and sorrow -
Tears for yesterday -
And even tomorrow -

Your future lies before you
Like a shining path of snow.
Be careful how you tread
For every step will show.

Friends, I will remember you
Think of you, pray for you.
And when another day is through
I'll still be friends with you.

- Bill Danoff -
- Taffy Nivert -

Friendship is a horizon - which
expands whenever we approach it.

-E. R. Hazlip -

The best of life is good communication,
and the greatest success is perfect
understanding between sincere people.

For the children and the flowers
are my sisters and my brothers.
Their laughter and their loveliness
will clear a cloudy day.
Like the music of the mountains
and the colors of the rainbow.
They're a promise of the future
and a blessing for today.

- John Denver -

Our Faculty

With the large classes, multiple preparations, boundary disputes and contract negotiations hanging over our teachers' heads, Lincoln's faculty taught under strained conditions. Despite these tensions school went on to a successful year. The grade distributions were well above average. The faculty carried on their classes "business as usual." There have been no tears or tantrums and our faculty rose above these uncontrollable forces and graduated students to bigger and better things.

Picking a lock. How disgusting.

A woman's work is never done.

The ants go marching one by one.

Class is humorous these days.

And that's how you make a Molotov cocktail.

Fastest way to get your homework done.

Another boring day of class.

Like the twilight, they don't see,
just where we're goin'
and all the secrets in our universe
Whisper in our ears and all the years
will come and go
and take us up, always up.

Make your own kind of music,
Sing your own special song
Even if nobody else sings along.

IT'S OBVIOUS WATSON! THE DRIVER HAS A LIMP, LIGHT BROWN HAIR, AN ACCENT THAT PLACES HIM FROM BULGARIAN STOCK, HE VISITED AFGANASTAN RECENTLY... I SHOULD SAY WITHIN THE LAST YEAR, HE IS AN EMPLOYEE IN A LINOLEUM FACTORY OUTSIDE LONDON, AND CERTAINLY NOT AN "ESSE GRADUATE."

Howard Bastian

is available.

That's because he's one of our Personal Bankers. And he could be your Personal Banker. If so, Howard would be the one person you'd see to open a new account, apply for Ready Reserve or Executive Credit, take out an auto loan or just about anything else we can offer you. You'd get to know Howard and he'd get to know you. And he's just one of several Personal Bankers at Northwestern Bank Southwest. He's friendly. He's courteous. He's trained and experienced in banking. And he's available. He's also just what you've always wanted . . . a personal friend in the banking business. "Tomorrow!" What possibilities there are in that word. No matter how discouraging today . . . there's always Tomorrow, with its promise of better things.

Many people come and go
through the doors of my life,
taking what they need and giving
what they can.
Our moments were only seconds
of a lifetime but so important
because we shared what we could.
Only a glimpse of the sun
but enough to warm the heart.
Class of 1976

For yesterday is but a dream
And tomorrow is only a vision
But today well lived
Makes yesterday a dream
Of happiness
And every tomorrow
A vision of hope.

Letter From the Editor:

To my fellow classmates,

Our lives together in the Yearbook room were memorable. There were many good times and a few bad times for all those who worked together on the BEAR. All in all, it was a good year and a good experience for those so involved in this year's publication.

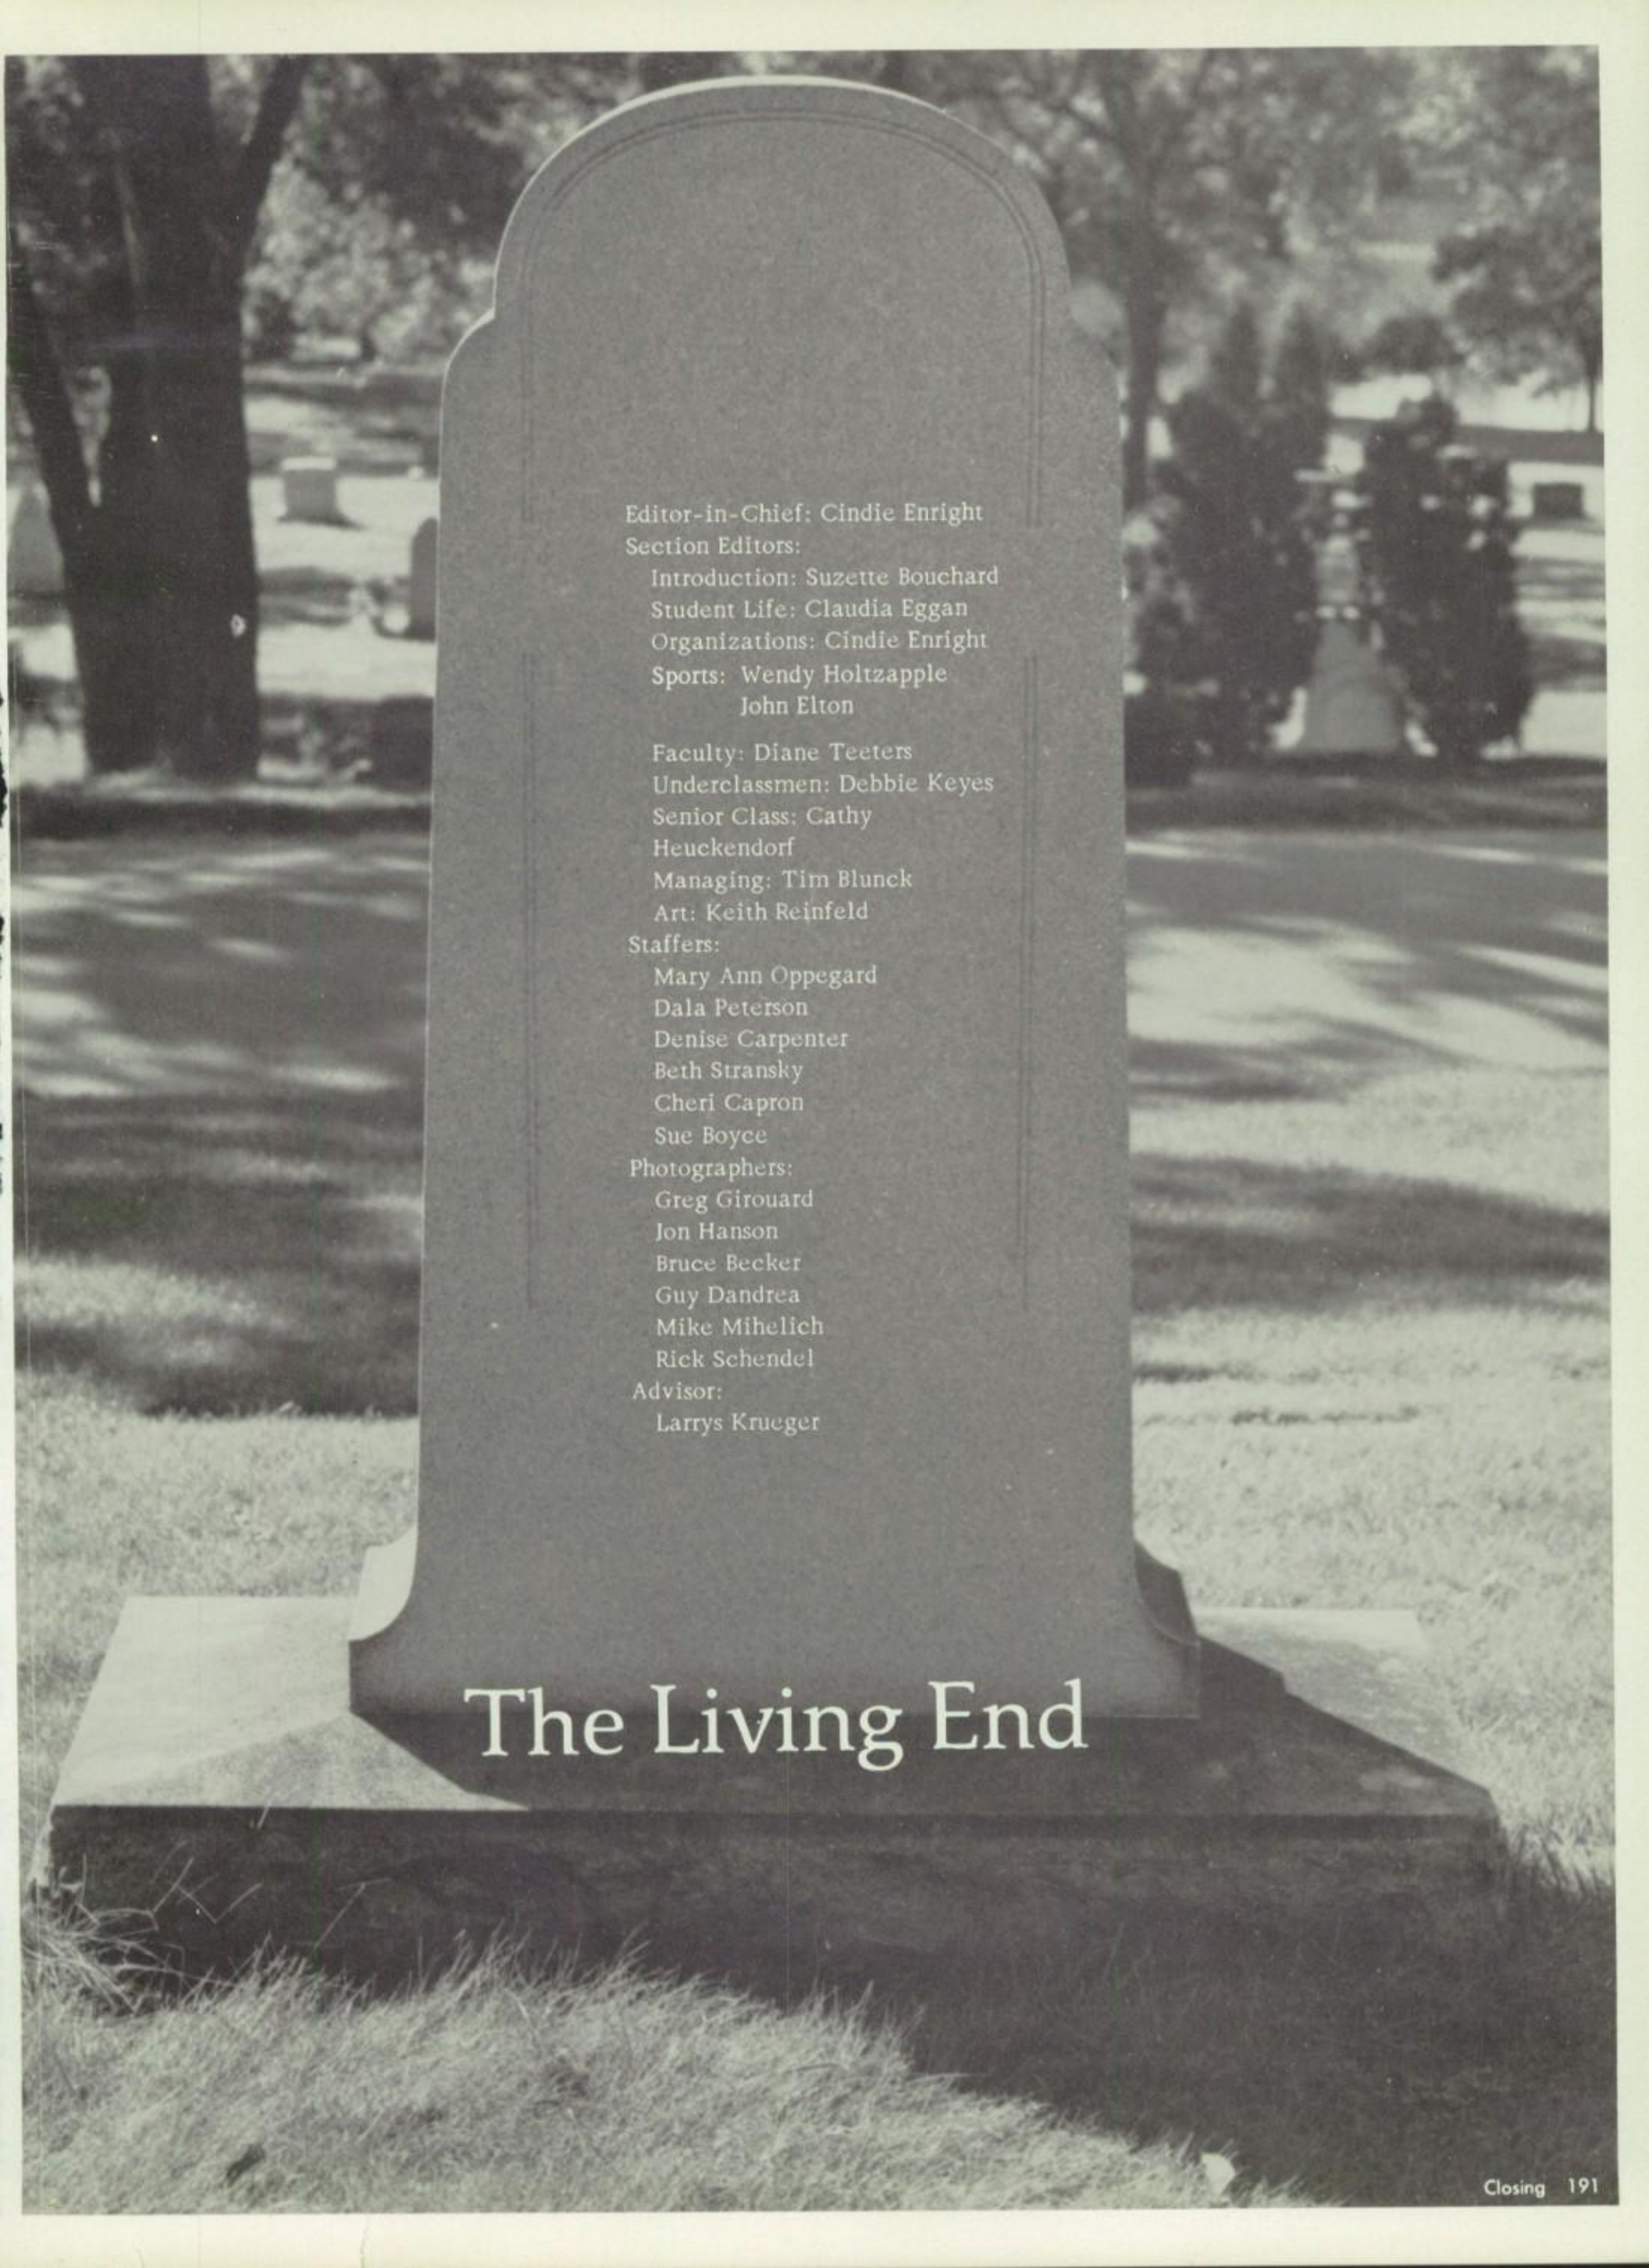

This is the way we were: . . . coke in the washer . . . hiding colored pictures . . . a scary new advisor . . . our new staff . . . seven days a week at Zapata . . . drawers full of food . . . McDonalds . . . breaks out back . . . suspension . . . my back teeth are floating . . . coffee on at all times . . . who the #@*! stole my grease pencil . . . what do you mean it goes in THIS deadline . . . a day at the U . . . where are the homecoming pictures . . . Friday night and all day Saturday . . . never yell at an editor, she can always yell louder . . . hours of dedication and caring . . . Miss Lincoln Homemaker in our presence . . . yearbook sales . . . Joe Zeb Walton . . . cheering yearbook style . . . new loves . . . cleaning the room . . . indexing . . . makin' the hay . . . heffers . . . is this what light looks like . . . wanna pick us up . . . you turkey . . . ba baa . . . dis dis . . . how can you find anything in this *¢@\$!%# mess . . . STB . . . flirting with Walt . . . Broncos . . . Krug . . . I get the couch . . . foxy lady . . . turn the radio up . . . new friendships . . . goodbye Mr. Steak . . . the longest exhale in history . . . I want my schedule changed . . . this is MY page . . . Oh Ann, remember us? . . . I want the 202 or else . . . Surprise! Green end sheets . . . Teddy hates you . . . I quit . . . bikes in the darkroom . . . let's get Mikie, he won't eat it, he hates everything . . . do it in the dirt . . . there's an orgy next door . . . am I doing it right? . . . only five pages left . . . a week off . . . missed deadlines . . . developing pictures . . . hockey games . . . lipstick on Bart . . . sitting in the cage . . . let's boogie . . . John Denver (sigh) . . . bottles . . . Sylvia and Mr. Nelson . . . A day with "Joy" . . . I live at 8900 Queen Avenue . . . blind dates . . . 50's dance . . . Bobbsey twins and camera . . . Mamma's got a squeeze box . . . another collect call to Dallas . . . working at Scherling-Pletsch with Kim and Renee . . . We've finally made it!

I want to thank everyone who worked on the 76 BEAR and everyone who helped in giving of their time and energy. For myself I have the pleasure and satisfaction in knowing I've put into this book all that I have. And to you I give the 1975-1976 BEAR.

Thanks for a Great Year,

Hi kid I'm well
this year is now over
and I wouldn't have
made it through with out
your words of wisdom. You
can really coach me up
sometimes you are a
guy who says what re feels
your kind of like Leo in that
respect and I admire you lots
for that. I hope to see you lots
this summer - O.K. (when we go
to Cathy's cabin) Thanks forever
Love
Joan
